5c to \$1 Silk Mixtures, 45c
—Tango brocade, silk mixed, rayon, crepe, and crystal cords—a "prize" of extraordinary importance. A wide range of designs, shades, though not every shade in any one lot.

Hard-wide Dress Linens, 39c Yard
—We bought them advantageously for the price would be 50c. The voilage and extremely noticeable rams weave. Better see these early.

Brocade Crepe de Chine at 65c
—Exquisite silk-mixed fabrics that look like crepe, costing more than twice their price. Floral designs and a complete assortment of rich harmonizing shades.

Burbank's Seeds, \$1.00
—Luther Burbank's selection of his own seeds for an ideal flower garden—43 packages in the assortment. And with each purchase is given Burbank's own book on "The Culture of Flowers, Fruits and Vegetables." This book is not for sale—it's free with every purchase.
(Hamburger's—Main Floor)

UNDERMUSLINS!
—Garments that have become rumples and slightly soiled, sharply lessened in price for a special clearing—economies extraordinary!
—Odds and ends of gowns, petticoats, corsets and princess slips.

1.00 to \$1.25 Garments, 79c
—At most, all they need is a trip to the laundry to restore their pristine daintiness.

1.50 to \$3.50 Garments, \$1.29
—We cannot too strongly urge the earliest and ablest selection—they will go with a rush on this evening!
(Hamburger's—Second Floor)

Aluminum Ware, \$1.00
—A somewhat limited quantity in each item, hence only one article of a kind to each customer. Come and come early!
—The Sale—
\$2.50 Seamless 3-quart Tea Kettles at \$1.00
\$1.50 Berlin Covered 2-qt. Sauce Pans, handles at \$1.00
\$1.50 Rice Boilers, 2 and 3 1/2 qt. complete, \$1.00
\$1.50 Lipped and Manded Sauce Pans, 1 1/2 qt. 2-quart sizes, nest of three, for \$1.00
(Hamburger's—Basement)

INDEX
Niland—An inevitable city, the gateway to the great Imperial Valley. It was born Saturday, March 14th, and nearly 100 people enthusiastically gathered in the christening of the baby. A fant that is destined to rapidly outgrow the metropolis of the North-end of the valley.

The opening sale of business and property and suburban acreage broke all California records. Never in the history of the state has a new townsite received a more enthusiastic response.

Los Angeles people purchased heavily, the Saturday and Sunday were made by those who keenly appreciate the investments in a new Imperial Valley. People have made tremendous profits in investments in El Centro, Imperial, and Yuma. They know that history will repeat itself.

Properties are just as good in Niland today as they were in the early days. There is plenty of excellently located property in sites and suburban acreage. A sharp advance in prices may be expected. The development of Niland is a matter of time. The improvements are planned and ready for completion.

Imperial Valley Exhibit and Lecture Room. Out Niland and the great 47,000 acre "Imperial." Free lectures daily from 11 a. m. to 1 p. m. South Spring street—ground floor.

Cabinet Financier in Prison on Charge of Homicide.

President's Daughter When She Becomes Wife of the Secretary of Treasury Will Have at Her Service Outfit of Franklin McVeagh, Picked Up at a Bargain.

WASHINGTON BUREAU OF THE TIMES, March 17.—When Miss Eleanor Wilson becomes Mrs. McAdoo she will have for her private carriages and her silver-mounted harness those used by ex-Secretary and Mrs. McVeagh during the Taft administration.

Unaware of their previous ownership, Secretary McAdoo of the Treasury Department has just purchased the carriages and harness which made the McVeagh turnouts famous during the Taft administration.

When ex-Secretary McVeagh retired from the Treasury Department over a year ago he turned his smart horses, harness and carriages over to a favorite clerk and told him to dispose of them. This clerk carried them to her sister's home, hoping for a good price, and then got orders to sell regardless of price. It never occurred to him to ask Secretary McAdoo.

CHURCHILL'S COMMENT.
In introducing the naval estimates for 1914-15, amounting to \$257,750,000, he said:

Every delay, accidental or deliberate, by the next strongest power to England, will be matched by us.

Admitting that the naval estimates were the largest ever submitted to the House, Mr. Churchill glided the ship by mistake and explained that, in the absence of any new departure, the estimates for 1915-16 would be substantially lower than the present ones, which show an increase of \$13,700,000 over those last year.

Mr. Churchill reiterated that it was the policy of Great Britain to maintain eight battleship squadrons by the time Germany had established five without calculating ships on foreign stations. He explained that the development of the German fleet had not been so rapid as had been anticipated, and that the British fleet, therefore, had been enabled to postpone the completion of her Gibraltar squadron, which now consists of only four battleships. The increased expenditure, he said, was largely attributable to the cost of the establishment of a naval flying corps and to the increased pay of the bluejackets.

Mr. Churchill avowed his preference for aeroplanes instead of dirigible balloons, but admitted that the latter possessed a greater radius of action and carrying power and were more effective at night. The intention of the British admiralty to introduce regulations accelerating the ranking of senior officers and giving the rank of lieutenant-commander to lieutenants with eight years' service, was announced.

Mr. Churchill, referring to the absence of three Canadian ships from the British naval programme, said today:

"We are not without hope, however, that Canada will meet her share of the naval defenses. Canada is a great and wealthy community with interests and sympathies widely over the face of the globe. She has to make provision for her own naval defense.

"If she were annexed to the United States she would no doubt contribute through taxation to the upkeep of the United States navy. If she were independent she would have to make provision equal to that of the United States."

"We do not wonder at all that Canadians of every party think it not consistent with the dignity and standing of the dominion that she should depend on the British taxpayer who often is much less prosperous than the average Canadian."

"Australia and New Zealand both acted with profound wisdom in establishing fleet units. It is important that Canada should also have a fleet of ships, and that she should have naval stations, docks and repair plants, in order to enable the imperial squadrons to operate in those theaters. All of them should establish destroyer and submarine flotillas to defend their naval stations."

Mr. Churchill again suggested the formation of an imperial fleet of ships capable of moving rapidly all over the world, while each of the dominions maintained its own flotillas of small craft for the protection of the commerce.

Turning to the situation in the Pacific Ocean, Mr. Churchill remarked that the British alliance with Japan had been renewed until 1921, and added:

"It is not to be expected that Japan will be less in need of her powerful friend at the other end of the world at that date than she is today."

FEARS WAR OF NATIONS

World Is Arming Says Churchill.

Ten Biggest Gun Battleships to Be Constructed by Great Britain.

Naval Estimates Submitted Are Heaviest in History of the Empire.

Renewal of Anglo-Japanese Alliance Is Again in the Limelight.

(BY ATLANTIC CABLE AND A. P.)
LONDON, March 17.—"Great Britain will have ten of the new big-gun battleships in the water by the time any other nation in the world has two," said Winston Churchill, first Lord of the Admiralty, in the House of Commons today.

"All of these ships," he added, "will carry fifteen-inch guns—the best weapons ever possessed by the navy and capable of hurling a projectile weighing a ton a distance of twelve miles."

Four of these ships, which are presumably to burn oil, are provided in the budget for next year. Three of them are of the Royal Sovereign type and one of the Queen Elizabeth type.

The Queen Elizabeth, launched last October, was the first ship to mount fifteen-inch guns, of which she is to have ten. Her cost is estimated at about \$12,000,000. She uses oil fuel exclusively.

The Royal Sovereign, the first ship of an even more powerful type, has not yet been launched and no details as to her size or equipment have been made public.

The latest type of American dreadnought, provided with twelve fourteen-inch guns, was the subject of a variant on the "naval holiday" suggestion was produced by Mr. Churchill.

CHURCHILL'S COMMENT.
In introducing the naval estimates for 1914-15, amounting to \$257,750,000, he said:

Every delay, accidental or deliberate, by the next strongest power to England, will be matched by us.

Admitting that the naval estimates were the largest ever submitted to the House, Mr. Churchill glided the ship by mistake and explained that, in the absence of any new departure, the estimates for 1915-16 would be substantially lower than the present ones, which show an increase of \$13,700,000 over those last year.

Mr. Churchill reiterated that it was the policy of Great Britain to maintain eight battleship squadrons by the time Germany had established five without calculating ships on foreign stations. He explained that the development of the German fleet had not been so rapid as had been anticipated, and that the British fleet, therefore, had been enabled to postpone the completion of her Gibraltar squadron, which now consists of only four battleships. The increased expenditure, he said, was largely attributable to the cost of the establishment of a naval flying corps and to the increased pay of the bluejackets.

Mr. Churchill avowed his preference for aeroplanes instead of dirigible balloons, but admitted that the latter possessed a greater radius of action and carrying power and were more effective at night. The intention of the British admiralty to introduce regulations accelerating the ranking of senior officers and giving the rank of lieutenant-commander to lieutenants with eight years' service, was announced.

Mr. Churchill, referring to the absence of three Canadian ships from the British naval programme, said today:

"We are not without hope, however, that Canada will meet her share of the naval defenses. Canada is a great and wealthy community with interests and sympathies widely over the face of the globe. She has to make provision for her own naval defense.

"If she were annexed to the United States she would no doubt contribute through taxation to the upkeep of the United States navy. If she were independent she would have to make provision equal to that of the United States."

"We do not wonder at all that Canadians of every party think it not consistent with the dignity and standing of the dominion that she should depend on the British taxpayer who often is much less prosperous than the average Canadian."

"Australia and New Zealand both acted with profound wisdom in establishing fleet units. It is important that Canada should also have a fleet of ships, and that she should have naval stations, docks and repair plants, in order to enable the imperial squadrons to operate in those theaters. All of them should establish destroyer and submarine flotillas to defend their naval stations."

Mr. Churchill again suggested the formation of an imperial fleet of ships capable of moving rapidly all over the world, while each of the dominions maintained its own flotillas of small craft for the protection of the commerce.

Turning to the situation in the Pacific Ocean, Mr. Churchill remarked that the British alliance with Japan had been renewed until 1921, and added:

"It is not to be expected that Japan will be less in need of her powerful friend at the other end of the world at that date than she is today."

GEESSE KILL LITTLE BOY.

Led by Gander They First Picked On the Child's Eyes.

(BY DIRECT WIRE—RECEIVED DISPATCH.)
RACINE (Wis.) March 17.—Frank Cloumnick, aged 10 years, son of a goose farmer at Oshtemo Point, north of this city, while trying to drive the geese from the shore of Lake Michigan to the yard, just before feeding time, hit the head of a gander of the flock with a stick and so angered the huge bird that he turned upon the child, with the rest of the geese, and five minutes after Frank was rescued by his father he died.

The doctors say he died of convulsions due to the attack, but his eyes had been picked out and he was otherwise badly injured. His father killed three of the few before they would leave the child.

TOURIST.
BULGAR QUEEN TO VISIT US.

SO EAGER TO COME SHE WILL LEAVE HUSBAND BEHIND.

ELEONORA PLANS TO REACH THE UNITED STATES IN MAY. ACCOMPANIED BY OFFICERS AND LADIES IN WAITING. WHO WILL BRING THEIR PICTURESQUE NATIVE COSTUMES.

(BY DIRECT WIRE—RECEIVED DISPATCH.)
SOFIA, March 17.—It is announced authoritatively that Queen Eleonora of Bulgaria, accompanied by an extensive suite, will visit the United States, either at the beginning or the middle of May. The tour will last six or eight weeks.

Details of the length of the stay of the Queen and her entourage in America, and the itinerary of the trip are now being worked out. The visit is the result of the deep interest which King Ferdinand and Queen Eleonora have long held in the United States, which has been strengthened by a close association of the King and Queen with American doctors who were in charge of Bulgarian hospitals during the war.

It was at first reported that King Ferdinand alone proposed to visit the United States in 1915, but the Queen's intense desire to see the trip, coupled with the fact that her visit will relieve the United States from diplomatic embarrassments of a state visit from an actual reigning monarch, resulted in her wish being granted.

It is certain that the suite of Queen Eleonora will include, in addition to some diplomatic aides, de maîtres and ladies in waiting, who will bring their beautiful picturesque native costumes.

Emergency.
GIRLS WITH GRIT AT WELLESLEY.

THEY MARCH OUT COOLLY AS COLLEGE HALL BURNS.

About 250 Women Are in Their Beds When Fire Is Discovered, but All Reach Safety Without a Scratch—"Sanity and Courage," Declares President Pendleton.

(BY A. P. NIGHT WIRE.)
WELLESLEY (Mass.) March 17.—Perfect discipline, coolness and bravery on the part of students and faculty members prevented any loss of life or injury when College Hall, the oldest of the Wellesley College buildings, burned today. The 150 young women students, fifty instructors and fifty maids were in their beds when the fire was discovered. None of the scores who marched in an orderly procession through smoke-filled hallways suffered so much as a scratch.

The building was left a blackened shell by the flames. Within its crumbling walls was wreckage representing a loss of \$900,000. Of this amount \$100,000 was the estimated value of the personal property of the students, nearly all of whom left in scanty attire. Louis K. Morse, treasurer of the board of trustees, said tonight that the college would recover perhaps \$600,000 of its loss through insurance.

Miss Ellen Pitt Pendleton, president of the institution, said:

"Although we have not as yet made any definite plans to rebuild College Hall, we shall erect another structure in the near future."

On account of the fire the college was ordered closed until April 7, at the end of the regular Easter recess. Nearly 100 of the 1200 young women have left for their homes tonight. Many who had rooms in College Hall went in borrowed clothing.

President Pendleton took occasion to praise "the sanity and courage shown by the students in leaving the burning building," as "extraordinary."

"The obedience to the fire drill was a credit to the college," she said. "There were no screams or cries heard and this in itself showed perfect and marvelous control."

TRANSIT AUDITOR KILLED.
(BY A. P. DAY WIRE.)
CHICAGO, March 17.—Walter S. Willard, general auditor of the Goodrich Transit Company, was killed today by an Aurora, Elgin and Chicago Interurban train in Oak Park. He was 55 years old.

VILLA'S MEN HARD PRESSED IN BATTLE NEAR TORREON.

Rebel General Rushes Forth With Picked Forces in an Effort to Stem the Tide.

Fight Rages Fiercely from Dawn Until Dusk With the Odds Seemingly in Favor of the Huerta Armies—Velasco So Times Events as to Confound the Constitutionals.

Reinforcements for Both Sides.

(BY A. P. NIGHT WIRE.)
JAUERES (Mex.) March 17.—Heavy fighting, with the rebels hard pressed, was reported tonight. A force of Federalists is said to have met Villa's army at Escalón, an important railroad town 100 miles north of Torreon, and both sides having been reinforced, the battle is said to have raged fiercely all day.

The railroad from Torreon runs north through Escalón to Jimenes, Chihuahua and beyond. On each side of the road are mountains. These for ten miles are marked with rifle pits dug in previous revolutions. It is reported that the Federalists, whose numbers are not known, moved out of Torreon in two detachments pursuant to orders from Provisional President Huerta.

One detachment is said to have moved over the plains west of the railroad, with the mountains between it and the road, while the main body went directly by rail to Escalón. The eastern detachment was evidently trying to get in Villa's rear, as it was moving in the direction of Jimenes, which is fifty-five miles north of Escalón.

Gen. Urbina, of the Constitutionalists, however, had been posted at Jimenes, to guard against just such a strategy, and last Saturday is said to have encountered the advance guard of the Federalists at or near that city, which is about 110 miles west of Jimenes. He is said to have been outnumbered and to have telegraphed in an alarm for more men and "rifles."

The main battle at Escalón, apparently, is now being fought by Gen. Velasco, the Federal commander, against Gen. Urbina, the rebel commander-in-chief. He is believed to have begun last night or early today.

Details are available. The bare facts of an important engagement were obtained in a telegram of fifteen words.

The Saragosa brigade of 1200 veterans under Gen. Aguirre Benavides encountered the Federalists at Escalón and is reported to have been pressed back yesterday. This is believed to account for the sudden departure from Chihuahua last night of Gen. Francisco Villa, the rebel commander-in-chief. He gave his staff one hour's notice and then departed on a special train.

It is assumed that Villa brought up reinforcements today and that the battle was renewed with increased vigor. The rebel troops have been moving south from Juarez and Chihuahua and closing in from other directions for a month. Rebel leaders have laid claim to as high as 25,000 men, but 12,000 is regarded as a closer estimate. Refugees from Torreon in the last two weeks have been moving south from Juarez and Chihuahua at 7000 to 8000 and up to recently added that he was rapidly being reinforced.

A fortnight ago rebel generals under Villa were disposed as follows: At Jimenes, Gen. Herrera, with 2000 men; at Escalón, between Jimenes and Torreon, Gen. Garcia, with 1200; near Mapiqui, Gen. Urbina, with 2000; in the hills of Durango, southwest of Torreon, Gen. Contreras, with 3000 and south of Torreon in the mountains, Gen. Natera, with 1500. Gen. Aguirre had been recruiting east of Torreon, and recently Gen. Aguirre Benavides, with the celebrated Saragosa brigade entrained at Chihuahua for Escalón.

The rebels have insisted for some time that Torreon was absolutely cut off from the rest of the world, but an official communication in railroad line yesterday reported the railroad open between Eagle Pass, Tex., and that city.

The first hint received here of the imminence of actual battle came Saturday when it was said that as all trains were needed for the transportation of troops, the regular tri-weekly service between Chihuahua and Juarez would be abandoned temporarily.

This was taken to indicate an early move southward and the impression was deepened on Sunday when the censorship at Chihuahua, which had been practically nominal, suddenly descended on press dispatches and let only the briefest paragraphs get through. Last night and today, with Villa's actual departure, the censorship apparently stopped all messages except those on official business.

The country north of Torreon is a Sahara-like waste and one of Villa's greatest problems, which he solved by the use of tank cars and reservoirs, was to assure a water supply for men and horses.

The desert is one of the worst in Mexico. The cactus alone thrives and under the drifting sands the traveler frequently comes upon the bones of animals which perished of thirst, and even those of men. For Gen. Orozco fought over parts of this country two years ago and suffered terribly from thirst. So precious is the supply regarded by Villa that he has ordered that none shall be wasted on such superfluities as bathing and the cleansing of linen.

Villa is supplied with a wireless outfit by means of which he is able to communicate with Chihuahua and Juarez. The Federalists also have stations connecting Torreon with the City of Mexico, 707 miles to the south. At Ft. Bliss today the wireless station occasionally spluttered out detached Spanish words, but they were unintelligible, and their source was unknown.

Habeas Corpus.
MEXICANS AT FORT BLISS MAY RETURN TO FIGHT VILLA.

(BY A. P. NIGHT WIRE.)
PASO, attorney for the Mexicans, applied to Judge Meek for the writ after he failed to obtain it in the western district, or from Judge Burns of the southern district.

The Mexican prisoners include men, women and children. They were driven across the Rio Grande by rebels of Northern Mexico. Most of them are refugees from Ojinaga. Gamble said instructions were received at Ft. Bliss from Washington to hold the refugees as prisoners until further notice.

This notice had not come, he said, and the Mexicans are tiring of their imprisonment. According to Gamble, who came to Ft. Worth Monday, the support of the prisoners is costing the American government \$55,000 a month.

No arguments were presented, Judge Meek's action amounting simply to fixing the date for a hearing, when the refugees' attorneys will argue for the right of the Mexicans to be freed. What plans the Federal authorities have made to defend their right to intern the Mexicans are not known here.

Emilio de la Garza, Jr.

For years a member of the Mexican Congress, Huerta's confidential agent, and sent by him as an envoy to President Wilson to seek recognition of the Huerta administration, who is now planning a national union to reconcile the warring factions in his country. He says the present political upheaval is but a forerunner of others and the tension will increase unless steps are taken to suppress the internecine war which is consuming the country. He holds the greatest peril is the provoking of a foreign war which will put an end to the independence of the republic. He suggests concerted action by the United States and the leading European powers, to end the present strife and assist Mexico in establishing a firm government.

CONSUL TO ATTEND TRIAL OF LOGAN.

(BY A. P. NIGHT WIRE.)
EL PASO, March 17.—The favorable result of negotiations between the State Department and Gen. Carranza over the protection of foreigners was indicated today when George C. Carrothers, special agent of the Department of State, was invited to attend the trial by a military court in Juarez of James Logan, an American negro, charged by the rebels with being a Federal spy.

Carruthers went to Juarez and was courteously received by members of the court. This concession in the Logan case comes exactly one month after the killing of William S. Benton, a British subject, who, it is said, not only had no chance to appeal to representatives of his government, but was slain without trial. It is said Carranza's commission which is investigating the Benton case will report Saturday.

Habeas Corpus.
MEXICANS AT FORT BLISS MAY RETURN TO

BRYAN'S MIND
MUCH RELIEVED.British Find Way to Do
Business in Mexico.Commoner Will Have Time
to Do More Lecturing.And the Late Mr. Benton Is
Still Unavenged.

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 17.—After a conference today between Secretary Bryan and Cecil Spring-Rice, the British Ambassador, it was said that hereafter when the British government has occasion to make representations to the Mexican Constitutional authorities in Chihuahua, it will do so through its Vice-Consul at the capital of that State, or should the incident occur at Juarez, through the British Consul stationed at El Paso on the American side of the border.

It was explained that this does not involve any change in policy; that representations were made through the American government when Gen. Carranza was at Nogales only because there was no British consular officer in that part of Mexico at the time.

In other parts of Mexico, where the British government has no consular officers, Secretary Bryan has undertaken to continue the practice of having American Consuls look after British interests as well as those of other nations.

Mr. Perceval, the British Consul at Chihuahua, who has been at El Paso for a month in connection with the effort to ascertain the conditions under which the Scotchman, Benton, met his death, will leave El Paso tomorrow on his return to Chihuahua, as was at first reported. Benton was stabbed and cut to death in Gen. Villan's office. The body, this report says, was mutilated and then buried in the neighborhood of Juarez, instead of at Chihuahua, as Villa has said.

When the report of the commission appointed by Gen. Carranza to investigate the killing of Benton has been furnished to Secretary Bryan it will be transmitted to the British government, which then will determine whether reparation shall be demanded.

A new version of the Benton tragedy reaching officials here is to the effect that instead of being shot, as was at first reported, Benton was stabbed and cut to death in Gen. Villan's office. The body, this report says, was mutilated and then buried in the neighborhood of Juarez, instead of at Chihuahua, as Villa has said.

When the report of the commission appointed by Gen. Carranza to investigate the killing of Benton has been furnished to Secretary Bryan it will be transmitted to the British government, which then will determine whether reparation shall be demanded.

When the report of the commission appointed by Gen. Carranza to investigate the killing of Benton has been furnished to Secretary Bryan it will be transmitted to the British government, which then will determine whether reparation shall be demanded.

A new version of the Benton tragedy reaching officials here is to the effect that instead of being shot, as was at first reported, Benton was stabbed and cut to death in Gen. Villan's office. The body, this report says, was mutilated and then buried in the neighborhood of Juarez, instead of at Chihuahua, as Villa has said.

When the report of the commission appointed by Gen. Carranza to investigate the killing of Benton has been furnished to Secretary Bryan it will be transmitted to the British government, which then will determine whether reparation shall be demanded.

NINE KILLED.

NOGALLES (APRIL) March 17.—

Victims of the bridge burners
killed, according to reports here, and
part of the rest escaped to the
American side of the border near
here.

VICTIM OF REBEL PLOT.

Mexican Trustee Say American
Arrested at Juarez Had Evidence
Slipped Into His Pocket.

JUAZ, March 17.—Mexican

trustees employed at the local jail as-
serted that one of the Americans ar-
rested today on the charge of being a
Federal spy had slipped into his pocket
evidence that he was the victim of a
plot and papers purporting to show
the American's employment in the
Federal ranks were slipped into his
pocket either before or after he was
arrested.The trustees were unable to re-
member the prisoner's name, but they
stated that his appearance indicated
that he came of a good family. His
trial, they said, will be held at mid-
night. Owing to the publicity given
to the case of James Logan, the
American negro arrested today on a
charge of being a Federal spy, the
trustees declared today that he had
not been executed and that George
Carothers, the special agent of the
State Department, would be given an
opportunity to see the prisoner.As usual, Edwards was known to
favor the rebels in every way. It
was that Edwards would be given an
opportunity to see the prisoner.Reports of Americans killed by
rebels were being received today on
the Mexican side of the border. The
trustees declared today that he had
not been executed and that George
Carothers, the special agent of the
State Department, would be given an
opportunity to see the prisoner.The trustees were unable to re-
member the prisoner's name, but they
stated that his appearance indicated
that he came of a good family. His
trial, they said, will be held at mid-
night. Owing to the publicity given

ENDS HER LIFE.Angeleno Contractor's Wife
Tells Tragic Story.Left Husband for Love of
Youth Who Quit Her.Three Said to Have Met on
Amicable Terms.

NINE KILLED.

SAN FRANCISCO BUREAU OF
THE TIMES, March 17.—Carefullypremeditated self-destruction and
painstakingly arranging for the care
of her earthly remains, Mrs. Nina M.
Lindroth, wife of a wealthy retired
railroad contractor of Los Angeles,
selected simple feminine apparel and
wished to be buried in, wrote accounts
of a tragic romance, and then, in the
Roxborough Hotel, Golden Gate ave-
nue and Larkin street, outside the
door to the room of Curt A. Lar-
row, a traveling salesman for whom she
deserted her husband, drank the con-
tents of a vial of cyanide of potassium
and died in the arms of the man
whose waning affections she valued
more than life.The case is, in many respects, one
of the most unusual in San Francisco
police annals. It is removed from the
category of things strange by strange
and puzzling features.Mrs. Lindroth had lived with Larrow
for three years, during all of which
time the two always had been on
friendly terms. She was in the home of the foreman
husband in the South. It was agreed
between the three of them, according
to the story told by Mrs. Larrow, one
night in frank discussion of the in-
evitable, that the wife of Lindroth
should go with Larrow if he
desired so to do.It was a calm counsel between a
mature woman of 37, a man fifteen
years her senior and a boy, Larrow
then was not out of his twenties.
Youth and the unfathomable mystery
of the heart were in the air, and the
tragedy and the wrecking of lives be-
gan.For over two years Mrs. Lindroth
and Larrow believed that they would
live together and that fate had placed them justly
and rightly in possession.Philosophically, even if heart-
broken, Lindroth said she was not
sorry, still, still, still, the boy Larrow
was, son of his father, whose close
friendship she had known for years
and to himself. And then this morn-
ing came the culmination of the
tragedy.During the last two months there
has been no doubt in the minds of the
actors in the remarkable
drama that Mrs. Lindroth was to be
staged. A little quarrel be-
tween Larrow and Mrs. Lindroth Mon-
day night, after they had been to a
downtown theater together, precipi-
tated the climax. Mrs. Lindroth al-
ready had prepared for the worst.

LARRY DIRECTOR.

The clothes I wish to be laid out
in are in my suit case," she had
written. They are one white slip
and one white nightgown and white
stockings.And following those lines there
she had laid out her suit case. "Ship
my body back to O. A. Lindroth,
No. 415 Harvard boulevard, Los An-
geles."Back to the husband and the home
she had left for her new life. Mrs.
Lindroth, who was a hand-
some, kindly, matronly-looking woman,
40 years of age, arrived in San Fran-
cisco on Monday morning on the steamship Harvard.
She went south two weeks ago and
Larrow had left her here and gone to
Sacramento where he was to be
employed. Mrs. Lindroth went to Los
Angeles.From there, when she heard from
Larrow that he was in Los Angeles, she
began to plan her return. She was
begging him to return to her and
threatening that if he did not she
would give the newspapers for pub-
lication of the story of her life. She
particularly with the part played by
Larrow.Those letters, one addressed to the
Minneapolis Journal and another to
the Los Angeles Times, together with
one addressed to her husband were
found scattered about in her suit
case. The clothes she had picked
out for burial.

LETTER TO THE TIMES.

The letter to The Times follows:
"I will and am writing an oath on a
Bible that I am writing a true story."
To the Los Angeles Times: Will
you please be so kind as to publish
this story. I have written what I have
written to you.I want every woman to read it, for
I think it will be a benefit to all girls
and women. Thank you very much for
advancing me. I am yours truly, Nina M.
Lindroth.God knows only how I have suf-
fered. I do not wish Curt A. Lar-
row to love him. Nina M. Lindroth.Freely last statement:
"A warning to all women.
"Two and a half years ago I had
a good home and an exemplary hus-
band for the return of the Mexican
Galester, who I wanted on the charge
of murdering Postmaster Frank John-
son of Tecate, San Diego county, was
made upon the Governor of Lower
California last night by Gov. John-
son. The two Mexicans
said to have been with Galester
were taken to the Governor's residence
where they were arrested. The de-
scriptions of which were for-
warded.I can never understand why or
how I fell so desperately in love
with him. But I did. He made me
all kinds of promises and finally I
made up my mind to go with him.
We left home September 2, 1911.
He said since we have been living as
man and wife, not in name, for I
kept my own name. Mr. Larrow was
good and kind ways to me, never
spoke a word of reproach to me. He
treated me.My good husband, O. A. Lindroth,
gave me \$10,000. I left him a simi-
lar amount afterward. I used this
money for our living and even
sent him (Larrow's) mother, Mrs.
M. Larrow, who lived at the time
in Minneapolis, \$50. When his sister,
Miss Elvira Larrow, was graduated in
Minneapolis and wanted to come to
California, I went to different super-
intendents of schools until I got her
in at the Santa Monica High school
at a good salary.Then Mr. Larrow and I came from
Santa Monica, where we lived, back
to Los Angeles and bought us a new
bungalow at No. 415 Harvard street,
Windsor district, and Miss
Larrow, the sister, lived with us for
six months. All went well with us
three. We all worked hard and were
paying for our home until one week

The Handwriting on the Wall.

(From the San Francisco Chronicle.)

before Christmas his mother, Mary
Larrow, came out from Minneapolis.
She was in Los Angeles with us for
only three days when she fell on me,
beat me and called me all sorts of
names. She ran me all over the
house with a big butcher
knife. Each time Mr. Larrow would
quiet her down.Finally on Monday before New
Year's she beat me again. So when
Mr. Larrow came home from his
work he worked and pleaded with her
for hours before he could quiet her.
Next day she went to the room of
Curt A. Larrow, who was only about
20 years of age. We went back New
Year's day to pack up our clothes
and household things. Both Mrs. Larrow
and her daughter were in the room.
Mrs. Larrow held me while they did
it. Afterward she took me away and
made all kinds of promises, saying she
did not know what she was doing in
the excitement of the moment."Well, after one or two weeks Mr.
Larrow went to his home at the Union
Hardware Company and told him he
was going to give up his position and
on February 1 he did so and we went
to Los Angeles. We had only about
\$95, and after renting an apartment
for about \$20, we had but little left.
I began to realize we both must go
to work. I walked for miles each day
hunting for something to do. Mr.
Larrow did not try very hard. By the
end of the month we were broke.Then I pawned my watch for \$4.
and spent it for one week's sup-
plies. I had previously sold my \$100
diamond ring for \$10. I had no other
money. This ring was given me by
my husband."Well, when our week's supplies
were gone, neither of us had work
and but \$3 in money, so we both
started out Monday morning early to
look for work. At Market street we
separated. I went in opposite
directions. This was about 9 o'clock.
"Prior to parting we agreed to be
in our apartment at 1 o'clock for
meager lunch. I went on and on
hunting for work. I returned at 11
o'clock noon, only to find all my
clothes and my suitcase had been
stolen. I turned back immediately,
packed up, took a taxi and left."Dear Nina—You have been want-
ing to go to Los Angeles. I got some
money this morning and am leaving
for Los Angeles. I will be there
for work. At Market street we
separated. I went in opposite
directions. This was about 9 o'clock.

"Dear Nina—You have

DAY LABORER MILLIONAIRE.

Handled the Pick Yesterday, but Will Now Struggle With Fate.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

FERGUS FALLS (Minn.) March 17.—Yesterday Frank Fergus, a day laborer, was a millionaire, with a multi-million dollar estate. Today he is a multi-millionaire as a result of a decision of the Federal Land Office awarding to him a rich coal property near Glacier, Wash. The tract consists of 160 acres underlain with a fine grade of anthracite, and capable of producing 100,000 tons of coal, on which the coal should reach \$17.50 per ton. Fergus also has a claim over John Jellison, a wealthy Washington man, who, he alleges, had broken a promise to advance \$5000 with which to complete a claim on the land. The case has been in litigation for years.

McAdoo Turnout.

(Continued from First Page.)

tary McAdoo if he would come to the outfit.

He said to another clerk in the Treasury who has been sent out to the outside of Washington and deals in fancy horses as a side job. This clerk immediately declined, would not be fitting for one in the government employ to be seen around in Cabinet carriages.

As he stepped in the door he dealer said:

"By the way, you're just the man I want to see. I have an order from Secretary McAdoo for a set of harness and carriage to go with it. He has the horse."

"Well, I'll be glad to do it," replied the dealer, "but I must see the man I want to see. I know the McAdoo harness and carriage."

"Yes," replied the dealer, "but I must see the man I want to see. I know the McAdoo harness and carriage."

SEES IRELAND AS A NATION.

REDMOND PREDICTS FAILURE OF THE ULSTER.

(BY ATLANTIC CABLE AND A. P.)

LONDON, March 17.—The Irish nationalist leader, John Redmond, predicted tonight and in response to the toast "Ireland, a Nation," that the Ulster unionists would fail in their attempt to maintain the partition of Ireland.

REORGANIZED CABINET.

The reorganized French Cabinet is as follows:

Premier and Minister of Foreign Affairs, Gaston Doumergue; Interior, Louis J. Malvy; Justice, Blaise Cendrars; War, Joseph E. B. Steiner; Marine, Ernest Monis; Finance, Rene Renoult; Public Instruction, Rene Viviani; Commerce, Raoul Peret; Public Works, Fernand David; Colonies, Albert P. Lebrun; Agriculture, Maurice Raynaud; Labor, Albert Motin.

REORGANIZED CABINET.

A report was current tonight that the public prosecutor, M. Fabre, had tendered his resignation. This report was not confirmed.

REORGANIZED CABINET.

During the day Mr. Redmond received a large number of cables from prominent Americans, all of which were in the nature of expressions of sympathy and support for his cause.

REORGANIZED CABINET.

The parade was made up of bands and social organizations, and divisions of the National Guard, the 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

REORGANIZED CABINET.

The parade was made up of bands and social organizations, and divisions of the National Guard, the 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

ROYALISTS IN FLIGHT.

(Continued from First Page.)

ROYALISTS IN FLIGHT.

was regarded as illegal to hold the Cabinet in any way responsible for the crime of Mme. Caillaux, yet the opportunity was seized by opponents of the Cabinet to denounce M. Caillaux and his associates. The adherents of the government were somewhat disorganized and displayed a sentiment of diminished confidence as to the ministry being able to resist the attacks of the opposition.

ROYALISTS IN FLIGHT.

The most reliable opinion seems to indicate that while the elimination of M. Monis is possible, the resignation of the ministry is far from likely, the deputies being unanimous that the budget must pass before the elections.

ROYALISTS IN FLIGHT.

Among parliamentarians the affair is considered as a great and unexpected boon to the anti-Republican party, which will not fail to exploit it to the utmost with the object of discrediting the government at the elections.

ROYALISTS IN FLIGHT.

Throughout the day, crowds assembled around the Caillaux residence, the Figaro office, the Palais National, where Mme. Caillaux occupies a cell. For the most part the crowds were composed of curious spectators, although many rowdies circulated and attempted hostile demonstrations. The police, however, had no difficulty in handling them and made many arrests.

ROYALISTS IN FLIGHT.

Late tonight the Royalists Association was called out by Leon Daudet, the leader. He mounted a table outside a well-known boulevard cafe and harangued his followers, attacking M. Caillaux in violent terms to the accompaniment of shouts of "down with the assassin Caillaux."

ROYALISTS IN FLIGHT.

M. Hennion, Prefect of Paris, in command of a large body of police harried the manifestants up and down the boulevard and finally scattered them, the Royalists fleeing with shouts of "Down with the republic. Long live the King."

ROYALISTS IN FLIGHT.

A score were arrested and many were bruised in the scuffle. Daudet made a second attempt to organize a demonstration with the assistance of another royalist leader, Maurice Fagot, outside the Opera Comique. The two men were arrested after a sharp struggle. Earlier in the evening half a dozen more assembled in parts of the city on the left bank of the Seine and endeavored to make their way to the Chamber of Deputies.

ROYALISTS IN FLIGHT.

In every instance formidable battalions of police barred the streets and dispersed the mobs. The police were ordered to repress all anti-Caillaux demonstrations, both because they were provocative of counter-demonstrations on the part of the Socialists and his radical supporters.

ROYALISTS IN FLIGHT.

The first consequence of the shooting of M. Calmette was to fan into white heat the long-smoldering Rochette scandal. The Figaro last week had referred to a secret report concerning M. Fabre, which already had been the subject of an animated debate in the Chamber. M. Calmette was utilizing it to attack the government. The report, however, succeeded in temporarily shelving it.

ROYALISTS IN FLIGHT.

M. Delahaye brought this subject up again today, introducing a motion that, in view of the shooting of M. Calmette, which seemed, he said, to be the author of the Rochette crime, to be intended to prevent the publication of documents of a nationalistic character, which would be of great value to the government in its efforts to prosecute his enemies.

Tillman as a Professional Pallbearer.

Senator Benjamin Tillman, of South Carolina, who says drinking of hot water and a system of exercise has kept him alive in the Senate, while many of his colleagues who thought him near the end some years ago have died.

"PITCHFORK BEN" PREFERS HOT WATER TO FIREWATER.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, March 17.—Senator Benjamin Tillman of South Carolina, who some years ago had the pleasure of reading his own obituary, and who recently in the Senate made the statement that since then he has seen the burial of twenty of his colleagues, today had read a magazine article written by himself telling how he had restored his health.

"I see some of the Senators laughed while the clerk was reading," said the South Carolina Senator. "I'll bury you fellows yet."

The Senator told of the physical exercises which he takes every morning before getting out of bed. One of the exercises consists in flexing the knee to exercise the leg and thigh muscles. Next he grips his hands on the rods at the head of the bed and raises his legs slowly several times as far as possible. These exercises he said, are especially valuable to prevent rheumatism.

He next takes a bath in tepid water with a cold shower and rub down. Next comes several minutes exercise with dumb-bells. Senator Tillman said that care must be taken not to exercise to the point of fatigue. Notwithstanding his claims of renewed health, Senator Tillman is apparently very feeble. Four years ago when he was paralyzed he was on the verge of death for some weeks. He has recovered to a certain extent, but he has not by any means regained his former strength and agility.

The "Fabre letter" regarding the Rochette case was vehemently denounced by various deputies and as vehemently affirmed by others. M. Monis, Minister of Marine, who was in the chamber when the letter was read, declared that it was "the greatest humiliation" of his life.

M. Barthou explained that the letter was written to M. Briand when he was Minister of Justice, at his special request. He formally declared it, but finally gave in, declaring that it was "the greatest humiliation" of his life.

M. Monis arose again and said that it was the first time he had ever heard of the letter. He formally declared it, but finally gave in, declaring that it was "the greatest humiliation" of his life.

Two men with handkerchiefs over their faces secured \$250 from Railroad Operator.

(BY A. P. NIGHT WIRE.)

FOREST (Mont.) March 17.—The Chicago, Milwaukee and St. Paul Railroad operator at Sumatra, fifty miles northwest of here, was held up early today and robbed of \$250. The robbery was committed by two men who wore handkerchiefs over their faces.

Negro in Stockton Detention Ward Beats to Death Farm Laborer With Porcelain Vase.

(BY A. P. NIGHT WIRE.)

STOCKTON, March 17.—George Johnson, a negro who was being detained in the city detention ward pending his recovery from the effects of the excessive use of liquor, today killed Harry Stevens, a fellow patient and a farm laborer of small stature, by beating him about the

YALE REGRETS "BOTTLE NIGHT."

TWO-THIRDS OF FRESHMAN CLASS ON PROBATION.

New Haven Judge Declares Next Time Freshmen Students Celebrate They Will Be Given Substantial Jail Sentences and Fines Two of the Ring-leaders.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

NEW HAVEN, March 17.—Next time Yale men are found guilty of causing a disturbance similar to that started in York street Saturday night when freshmen had a "bottle night," they will be given "substantial jail sentences."

This is what City Judge O'Meara told Dumesque Spencer of Highland Park, Ill., and Edward N. Chapman of Lyons, Ct., whom he found guilty of general breach of peace and fined \$25 and costs.

As a result of Saturday night's outbreak, Prof. Hallon A. Farr, president of the freshman faculty, today called together the freshman class and placed those living in three dormitories on York street on probation. This includes two-thirds of the class. Prof. Farr told the men the sentence would apply indefinitely or until guilty members of the class confessed.

Then the penalty will probably be transferred to the men who "own up." With two-thirds of their members on probation, which excludes them from all participation in athletics and other extra curriculum activities, there will be no freshmen athletes. If the guilty men confess, athletics will be badly crippled for there were many athletes among the men implicated in Saturday night's celebration.

LOSES BY A HAIR.

Massachusetts Parole Board Votes Three to Two Against Interfering in Dorr's Sentence of Death.

(BY A. P. DAY WIRE.)

BOSTON, March 17.—The State Board of Parole refused today to interfere in the case of William A. Dorr of Stockton, Cal., who is sentenced to die next week for the murder of George E. Marsh of Lynn. The vote was 3 to 2.

Gov. Walsh announced that because of the closeness of the vote he would not accept the decision of the board until he had made further investigation. Unless the Governor acts, Dorr will be executed next week.

In the purchase of a motor car it is not a question of what a car MAY do, but what it has done and will continue to do

The Facts the Man Who Is Expending \$2,000 or More Wants to Know, Are:

Is the car the improved and developed type of a proven article?

Has the car a long and honorable history behind it?

Has the builder always constructed high-grade, long-life automobiles?

What of the service now being given by the company's cars of two, three, four and five years ago?

Has the car a past reputation for long service at minimum upkeep?

Has the factory and dealer always stood behind the car?

Has the company worked to continually improve a proven article, or,

Has it endeavored to appeal to every passing fancy by changing and experimenting, never sticking to one model more than one season?

Each point is a vital one. Ponder over them.

IT HANGS FROM THE CEILING OUT OF THE WAY

Neuralgia, STOPPED!

Colds, Sore Throat

not slowly—after a while—but at once! The effect of Sloan's Liniment is magical. You have but to lay it gently on the afflicted spot—and presto! It goes right through the flesh straight to the source of the ache, and soothes, cools, soothes till all the pain is quickly gone.

Don't wait till pain visits you—buy a bottle of Sloan's Liniment, and keep it in the house—it's the best known liniment against aches and pains.

Cured Sore Throat

Mr. Henry L. Calkins, of 1008 Wilson Street, Wilmington, Del., writes: "I bought a bottle of Sloan's Liniment for toothache and neuralgia in the head where nothing else would help, and I would not be without the Liniment in the house."

Cured Neuralgia

Mrs. C. M. Dwyer, of Johnsonburg, Mich., writes: "I wish to say that Sloan's Liniment is the best medicine in the world. It has cured me of neuralgia; those pains have all gone and I can truly say your Liniment did cure me."

SLOAN'S LINIMENT

Is also unequalled for rheumatism, bronchitis, and the "grippe." Try it!

Millions will be spent

-in development adjoining my Palisades Property

This is not an idle forecast—it is an established, accepted fact. The \$2,500,000 sale of Santa Monica lands, featured in a full page write-up by the Los Angeles Times, Sunday, March 11th, is evidence of the ever-increasing, insistent demand for this high class residence property. A good part of this new purchase, practically adjoining my Palisades property will be apportioned into extensive tree-covered estates where will be reared the imposing homes of some of America's wealthiest men—men who are choosing Palisades homesites above anything else that America offers. The Palisades will soon become known throughout the world as the homeplace of

America's elite. To be able to say "My home at the Palisades" will be like "My chateau on the Rhine" or "My Mediterranean villa." I have not raised the price of my Palisades property. I am still selling choice ocean and canyon view homesites at \$1800 and up—right where lots are valued at \$8000 and \$10,000. Let me show you these homesites—with improvements equalling anything in Southern California (all paid for)—on a 250-foot elevation, commanding a wonderful ocean and mountain view, the view that has made the Palisades famous. Go to the Palisades with me in my private touring car and at least investigate the best homesite buy in Southern California. If you're looking for a profit through advancing prices, or if you want a homeplace unsurpassed in America—see my property. It is not what I claim, DON'T BUY.

INSTANT SERVICE COLLECTION SYSTEM FOR TIMES PATRONS

Brass letter boxes installed in city's downtown office buildings for the convenience of the public evidently appreciated. More than five hundred pieces of advertising copy, answers to "Want" ads, and letters to The Times were collected the first day the boxes were installed.

The Instant Service Collection System originated by The Times has met with practically instant success. The invitation to "Drop Your 'Want Ads' in a Times letter box" was eagerly responded to, as on the first day that the boxes were installed, several hundred letters and advertisements addressed to The Times were collected and quickly delivered to the business office of The Times, at the corner of First and Broadway.

At noon today, fifteen of the leading downtown office buildings will be supplied with the boxes, which are of handsome workmanship in brass, lettered "Los Angeles Times Want Ads and Letters." They were designed and manufactured by the Los Angeles Brass Manufacturing Company.

The service has already begun without a hitch. It insures a rapid collection and delivery of advertising copy to The Times, and it

will economize the time and patience of its patrons, and save them many a step, whenever they wish to make use of the boxes. No bells, nor telephone calls; no fee; no orders, other than the written directions; merely drop into the box your messages, your "Want" ads, your replies to ads, your communications to the business office or editorial rooms. Rest assured that a messenger will call to collect your letter or copy.

Newport Romance Ends in Divorce.

Mrs. Elsie Whalen Goelet.

Noted New York society leader, who was freed yesterday from her husband on the ground of extreme cruelty.

WIFE OF MILLIONAIRE FREED BY COURT DECREE.

(BY A. P. NIGHT WIRE.)

NEWPORT (R. I.) March 17.—Mrs. Elsie Whalen Goelet, prominent in society circles of New York and this city, was granted a divorce today from Robert Goelet on the ground of extreme cruelty. By mutual agreement, the terms of which were not made public, both are to have custody of their only child, Robert, aged 3 years, their only other child, until he is 6 years old, when she is to share the custody of the child with the father. Neither Mr. nor Mrs. Goelet was in court and the suit was uncontested. All the testimony was by depositions, which were read in tones so low as to be hardly audible.

FROM THE DECISION.
Justice Barrow in announcing his decision said:
"The testimony shows the continuous use of insulting, vulgar and abusive language by Goelet toward his wife, accompanied by numerous petty acts to annoy her and embarrass her, and accomplishing this result. The effect has been, according to the testimony, a serious impairment of her health, and the conditions fully warrant granting this divorce."
Elsie Whalen, the second daughter of Henry Whalen of a well-known Philadelphia family, became socially prominent in the Newport season of 1919, when as a debutante her beauty attracted much attention. Robert Goelet, the only son of Mrs. Ogden Goelet, fell in love with her and they were married at Wayne, Pa., on June 14, 1924. Miss Alice Roosevelt was one of the bridesmaids and Mrs. Craig Biddle, a sister of the bride, matron of honor.
Rumors of an estrangement were current during the latter part of 1933 and on January 31 of this year she filed a suit for divorce in the local court, alleging cruel and abusive treatment.

The Germain Building Property

224 South Spring St.

will be sold to the highest bidder today, at 12 noon, at the Broadway entrance to the Court House. \$300,000 can remain as mortgage.

MOVE TO SQUEEZE OUT CITY SUPERINTENDENT?

Board of Education Minority on the Trail of Francis.

Scott and Toopious One-Scenters Reported Leading Opposition Just When Bond Election Is Impending and School Head's Term Expiring—Nearly Three Millions Now Cut from Proposed Issue.

Why?

There's nothing doing on that subject—there's nothing to give out. And with that he disappeared, but what he said indicates the truth of the report that the matter has been considered.

Earl's twilight organlet has two or three times been scored by the Board of Education for its exploitation of school girls, contrary to the wishes of that body, and it probably charges its troubles to the superintendent, while Scott is supposed to have a candidate for the place should it be made vacant.

That any members of the board should contemplate swapping executive officials just as they are entering upon a bond-issue campaign is somewhat astounding, as it would disturb public confidence and tend to defeat the bonds, say those who know the inside of the scheme.

Whether this feeling had anything to do with a decided change in the call for the bond election, which was made last night, can only be guessed, but a remarkable change was made. Instead of asking the people to vote bonds in the amount of \$7,500,000, a resolution was adopted reducing the amount to \$4,500,000, the sum urged by Messrs. Guinn and Frank in the bond issue.

(Continued on Second Page.)

Flaw in Medical Law.

LET ANYONE PRACTICE WITHOUT A LICENSE?

Changes in the medical law of the State by which the medical profession is regulated, and the bars let down to a large number of practitioners of medicine or surgery, are being considered by the State Medical Board, does not seem to be the intention of the Legislature to consider of invalidating weight by the Superior Court, but it temporarily arrests the prosecution of practitioners alleged to be illegal in their methods, pending some development in the case that now stands before Police Judge Chesbro. The present status of the case is virtually a victory for Eibl, as the arrest of judgment is a setting aside of the verdict of the jury.

Attorney Ray E. Nimmo, counsel for the prosecution, will immediately take the case to the Superior Court to test the constitutionality of the law. Police Judge Chesbro says that the contention of Attorney Ingalls introduces an entirely new complication and doubt in the application of the law and that the attack is extremely vital to the State medical law.

Intense interest among the practitioners of healing outside the pale of the established medical schools has been aroused, and these healers believe that they will now be permitted to practice without a license.

"Regis" Nature Form Corsets

Every Price \$1.00 to \$5.00

First of all, Regis corsets are comfortable. They conform to the lines of nature. They are designed to correct the imperfections of form, to give the wearer correct carriage and poise. There is a Regis model to fit every figure. The new styles for spring and summer are most interesting.

Regis Corsets \$1.00. Low bust, long hip models, various weights of batiste or coutille.

Regis Corsets \$1.50. The new tango top and long hips, outside boning, light weight. A most popular model for girls.

Regis Corsets \$2.00. Low or medium bust, long hips, light, medium or heavy weight materials.

Regis Corsets \$2.50. A new model with low bust, made of double batiste top of medium light weight; a model sure to achieve popularity.

Other models at \$3.00, \$3.50, \$4.00 and \$5.00.

All Regis Corsets are supplied with the best velvet grip elastic.

Separate Skirts

Now that Fashion has again taken to the separate skirt you will view these new arrivals with added interest. Latest models are here of silk, of serge, of Scotch wool—of all values and of pique and linen.

An Extra Value at \$6.50 shows the hip tunic effect, detachable belt and the front opening is finished with double row of buttons. This style comes in black and navy serge and Scotch wool plaids of many colors.

2c and 30c Cretonne 19c

More than three dozen pieces among which you will find about every wanted color combination suitable for curtains, drapes, bed covering, laundry bags and other uses. Not remnants but full pieces or nearly so, worth 25c and 30c, at 19c yard.

318-320-322 South Broadway

Her Wedding Followed by Unpleasantness.

Mrs. Kate Fields Humphreys, Recently wedded to John F. Humphreys, beach capitalist, who is now defendant in a suit for breach of promise.

BREACH OF PROMISE SUER DOESN'T CARE FOR MONEY.

Following the filing of her \$135,085 breach-of-promise suit against John F. Humphreys of Venice, Miss Martha E. Randle, the millinery buyer, who has been living at the Wilshire Vista Apartments since last summer, stated yesterday that if it were possible to turn back the pages of her life and start again at last June, there is not enough money in California to tempt her to go through with the suffering she alleges she has undergone.

"I trusted Mr. Humphreys as a father," said Miss Randle yesterday, struggling to suppress sobs. "Even last December, when my letters remained unanswered, I would not believe the reports I heard that he was paying attention to another. I sent him a small Christmas token and this, too, remained unnoticed. Then, like a blow, came his marriage. I have suffered much through my pride and in a business way. I gave up all I had earned to come here to marry him. From a business standpoint I am ruined."

Miss Randle said that she has not seen Mr. Humphreys since last November, and that they parted at that time the best of friends.

"I am not seeking revenge," said Miss Randle. "The only thing I wish now is justice. I do not care for the money. I was earning money enough to supply myself with perhaps greater luxuries than Mr. Humphreys would ever have given me, but I wanted a home and a companion. I felt that 'Uncle Johnnie,' as we always called him, was the soul of honor and would be so good to me. I was certain we would be very companionable. He was so thoughtful of my comfort."

Miss Randle claims she has over 100 letters from Humphreys, all of which contain references to their approaching marriage. William M. Strong, counsel for the defendant, said yesterday that he does not doubt that Miss Randle has letters from her husband, but that these letters were only friendly ones.

"My father was one who kept up a voluminous correspondence," he said. "I have seen him spend hours writing to friends. We have always been more like two brothers, and he has told me positively that he never by word or letter suggested marriage to Miss Randle. He is one of the old-school type of chivalrous men and he may have paid her some attention."

Miss Randle claims to have given up her position in San Francisco last June in order to come to Los Angeles to prepare for her marriage with Humphreys. His marriage ten days later to Mrs. Kate Fields, an old friend of the Humphreys family, and Department President W.R.C., Department of California and Nevada, precipitated the action.

PRAGER PARK IS SOLD AND TO BE IMPROVED.

A CHECK for \$105,500, given by the Central and Pacific Improvement Corporation to Mary J. Prager yesterday, clinched one of the most important real estate transactions in the recent history of Los Angeles. The property involved has been popularly known as Prager Park for years, and comprises about eight and a half acres lying along the north side of Washington street, extending from a line 150 feet west of Main street westward to Grand avenue. The tract has an average depth of 320 feet.

The deal had been pending two years, the purchasers of yesterday having had a conditional option upon the holding for that period of time. With the check just passed the money invested in options and the balance to be paid by the buyers, the consideration, it is announced, will amount to approximately \$750,000 for the entire purchase.

The corporation acquiring the tract is composed of men of large business property interests, and although a comparatively new company, has already played a considerable part in the building up of South Main street and vicinity, a district in which its members are particularly interested.

At Washington and Main streets the concern has within the past two years completed three handsome and substantial hotel and apartment buildings. In speaking of the Prager Park transfer yesterday, one of the directors of the corporation stated that the company itself will probably start a number of substantial buildings on the tract before the end of the year. Part of the holding is to be subdivided and placed upon the market. One of the first improvements to be made, according to the same director, will be an eight-story hotel probably at Washington street and Grand avenue.

R. H. Raphael, president of the company, is one of the principal owners of frontage on Main street. Jointly with James Moses of New York, he holds title to the northwest corner of Seventh and Main streets, a site of 175x155 feet in size, that is to be improved within a short time into a twelve-story office or hotel building. The corporation are A. Beppie, Jules Kaufman, G. S. Schminin, Julius Conrad, Jacob Stern, Morris Cohen, G. A. Miller, J. M. Carpenter, Henry Kock, J. A. Mathis and W. H. Sullivan.

IRISH PATRIOTS ON HOME RULE.

America Now Confronted by Same Question.

Protest Against Delivering Up Rights of Canal.

St. Patrick's Day Celebrated in This City.

Home rule was the keynote of a meeting at the Auditorium last evening, under the auspices of Division No. 1, Ancient Order of Hibernians, when 2000 Irish-Americans, who had gathered to honor the memory of the patron saint of Erin, St. Patrick, voted without a dissenting voice for resolutions protesting against the repeal of the law exempting American coastwise shipping from Panama Canal tolls, as well as the shameful surrender of the right of self-government at the dictates of a foreign power.

The resolutions were offered after an address by Chief Deputy District Attorney Ford on "Home Rule." Sketching the light maintained by Erin for over a century to reassume the practice of self-government, he declared that America now, at another question of home rule is at stake, in the conduct of the Panama Canal.

"We have spent four hundred million dollars in building a canal," he said. "Despite the objections of the Great Britain does not apply to the situation; second, that the Senate never intended to interfere with the right of self-government, and third, that if the Senate did intend to so interfere, that act was just as corrupt as the Act of Union of 1800. If it did, we will not stand to have a foreign nation take away our right to manage our own affairs."

"The few words that say we are not ready for the defense of the Panama Canal are the only ones whose voices are heard against our own right to self-government."

"If we cannot defend the canal, let us blow up every lock of it with dynamite and be done with it. And I am not in favor of dynamite, at that."

In a programme of unusual excellence, wherein Irish voices sang songs, and Irish tongues, rich with the poetic eloquence of the Gaelic race, struck notes in harmony with the heart chords of the big audience, tribute was paid not only to the man who of old did so much for Ireland, but also to the strong men, sons of her soil, who have moulded history and uplifted art, music and letters the world over.

P. P. O'Brien, county president of the A.O.H., and a member of the Board of Public Works, who presided, struck the first home-rule note in his introductory remarks, predicting that a new era for Ireland is now at hand.

Mayor Ross said a few formal words of welcome and paid a tribute to the part Irishmen have played in California and the city of Los Angeles.

Eloquent eulogy to St. Patrick and extolment of Irish traits was furnished by Rev. Paul J. Dillon, St. Patrick's Church, who, in introducing his subject, "The Mother of the Strong," recounted a quaint Irish legend that drew forth the keenest enthusiasm from his audience. He gave to the men of Ireland a characterization typified by the words of the little elf who was making coffins for the Irishman who should forget that Erin is the "mother of the strong."

Musical of exceptional merit marked the programme. Vocal numbers were contributed by P. J. O'Donnell, Maude Kearney and William A. Steffen; a number on the harp by Miss Kathleen Cronin, and a fine rendition of Irish airs on the pipe organ by Maria P. O'Brien.

The Rt. Rev. Thomas J. Conaty, D.D., Bishop of Monterey and Los Angeles, was guest of honor.

GLORIOUS DEEDS ARE RECALLED.

GRATITUDE AND REVERENCE PAID PATRON SAINT.

Sons of Erin Gather About Festive Board to Hear Samuel M. Shortridge Pay Deserving Tribute to Martyr Who Told for the Benefit of Irish People.

The great and glorious deeds of St. Patrick were recalled and recounted with gratitude, reverence and love by eloquent speakers at the banquet of the Friendly Sons of St. Patrick last night at the Alexandria. Nearly 200 sons of Erin gathered round the festive board in commemoration of the Christian services of St. Patrick and the martyrdom of those who toiled and died for the land which he redeemed from pagan darkness.

Hon. Samuel M. Shortridge, of San Francisco, the distinguished guest of honor, paid a masterly tribute to St. Patrick, the patron saint of the Irishmen the world over.

James L. Irwin, chairman of the evening, delivered a short address, setting the purposes and history of the Friendly Sons of St. Patrick. He introduced Judge Paul J. McCormick, who, as toastmaster, responded to the toast, "The President of the United States."

Judge McCormick spoke on "Ireland's Influence on American Destiny." Vincent Hanlon spoke on "California."

The following officers were elected:

George A. Mattern, Who was shot and instantly killed last Monday night in a mining camp near Amboy.

For the ensuing year: President, James C. Kay; vice-president, John J. Byrne; secretary, James L. Irwin; treasurer, T. J. Cunningham.

Shortridge said in part: "This is a day consecrated to religious observance. It is a sacred and holy day, made so by the labors of that humble follower of the lowly Nazarene. It is a day for proud memories and grateful tears. It is a day to remember and to hope—to remember the dead and their sorrows, to hope for the future disentanglement of the Irish nation. It is one of the most sacred days in the circle of the year. The Fourth of July causes the patriot heart of America to beat with unutterable emotion; the fourth of July recalls the heart of France with patriotic enthusiasm; for each recalls the mighty struggle of a people to be free; each awakens voices that spoke for freedom and for the right to self-government. It starts from the grave heroes and martyrs who died in her righteous cause. But the seventeenth of March is sacred, not from a religious point of view only; it is sacred because of the long struggle for freedom it suggests."

STRAY BULLET KILLS CASHIER.

Los Angeles Man Shot Down in a Mining Camp.

Mistaken in Dark for Raiders Is the Belief.

Sheriff Takes Two Men Into Custody at Amboy.

George A. Mattern, assistant cashier of the German-American Savings Bank, was shot and instantly killed in a mining camp near Amboy, last Monday night. Two men have been taken into custody, one charged with the actual killing and the other alleged to be a party to the shooting.

News of the tragedy reached Los Angeles yesterday, in the shape of a brief telegram to the officials at the institution, where Mattern was employed. The message was forwarded by A. Maltman, superintendent of the Great Gold Belt Mining Company, which concern has offices in the Grand building.

According to Maltman's telegram, the shooting was accidental, Mattern having been mistaken for some one else. William Heath, a miner, is under arrest for having fired the shot which ended the banker's life, and Adam Rittner, also expected to the camp, is held by the authorities. He is said to have also fired at Mattern.

Maltman's report is as follows: "March 17, 1914.—George Mattern shot and instantly killed last night by Heath, Case for Coroner and Sheriff. Notify his mother. Will take care of body—am boxing it up, unless otherwise advised. Case of mistaken identity."

A few additional facts were gathered by officials at the bank during the day, revealing word from Amboy by telephone.

CLASHES FREQUENT.

For some time miners of the numerous camps near Amboy have not been on the best of terms. There have been frequent clashes between the factions, but nothing serious was

(Continued on Third Page.)

Birkel Company's FIRE SALE

Pianos, Pianolas and Instruments of Every Kind

To get ready for the house cleaning necessitated by the partial destruction of our building by fire and water, we are forced to sell immediately 250 or 300 Pianos, Pianolas and Players. To convince yourself of the absolute necessity of a quick disposal of half of our normal stock, go to the top floor of our building and see the ruins of magnificent Steinway Pianos and Pianolas in Uprights and Grands, as well as other makes. You will see 50 or 75 other instruments partially destroyed.

None of these damaged instruments are for sale, but the balance of our stock, nearly 300 instruments in perfect condition, will be closed out at sharp discounts.

Steinway Pianos DISCOUNTED FOR THE FIRST TIME

Webster Pianos and Pianolas	—selling reg. at \$550 to \$1800.	Discounts From \$150 to \$450
Steck Pianos and Pianolas	—selling reg. at \$475 to \$1400.	Discounts From \$120 to \$350
Wheelock Pianos and Pianolas	—selling reg. at \$450 to \$800.	Discounts From \$175 to \$200

LAURA JEAN LIBBEY TALKS HEART TOPICS

What Heart Is Exempt from Love?—Setting One's Cap.

When a woman is introduced to a particularly agreeable man but is warned not to set her cap for him because he has a heart exempt from love, she shouldn't believe it.

To marry is the duty of every man's life. Each man has his own notion of the kind of a woman who would be congenial to him.

He passes a thousand women by ere he looks into the eyes of one woman whom his heart instantly responds to. When that occurs the man who was not thought obtainable will, in the twinkling of an eye, become changed into an anxious lover.

Coquetry, or blandishments, will not be needed to draw him on. No matter what the conditions are, what obstacles confront him, even the indifference of the woman acts as a stimulus to his purpose—to win and wed her. A man may have many light fancies—they come and go, leaving no regret or longing behind them. He knows but one real heart interest, especially if he has lived the life of a bachelor—a free lance, knowing not true love until late in life.

He may have laughed cynically over the woe of many a married man. But when his time comes he is ready to shift the yoke on his own shoulders and be proud of carrying it. A man changes in face and form so the heart changes. The woman he might admire in his early days he would not become enamored of when his judgment was ripe with years. If he has believed that all women were out of the same pattern, light frivolous, gay, laughed with them, flattered them and rode away, when he meets a serious, plain woman, wholesome as she is, and the heart's true love is pierced at last. He yields gracefully to love's sweet influence. "He never knew he had a heart till he was conscious of its loss."

The romance of a man whose first love is youth is tender, sweeter by far than many of those in the heyday of early manhood. He doesn't expect too much from the woman he weds. Youth looks for brilliancy, beauty, coquetry and all charms combined in a wife. He who has turned his back on middle age, and is slowly wending his way in solitude is satisfied with, and appreciates to the full, the dear woman who has no particular charm of face or manner if she but have a tender heart that beats for him alone with love and devotion. He wants companionship, sympathy, tenderness and affection. Given these, he is as happy as any man the wide world holds.

Once in a while a man goes unwedded to the grave. Even he, could he live his life over again, would cry out against those who would exempt love from their hearts. One is sure to meet the right heart mate soon or late.

MISS LIBBEY'S REPLIES TO YOUR LETTERS.
(Correct name and address must be given to insure attention.)

The Girls All Like Him.
Dear Miss Libbey: I am an eligible young man of good position, and though I have shown no preference among my women friends, I am constantly being placed in embarrassment by young women who try to gain my regard by their manifest attentions. Please give me some advice to help me out of my difficulties. F. W.

It is dangerous to the peace of mind of all the marriageable young women in your community to have such an unsatisfactory model young man, who is heart whole and fancy free, in their midst. If you can induce some nice young girl to love and wed you—it's the best way out of your difficulty I could suggest.

Writing for a Lark.
Dear Miss Libbey: I'm writing just for a lark, but tell me—should a man of rather questionable reputation go about with a nice young girl last her friends should criticize? M. M.

Get through with your lark before thinking of nice young girls.

Love Won't Pay the Butcher and Baker.
Dear Miss Libbey: I love a nice young man who wishes to marry me. My folks are opposed because he is poor. I am now teaching in a graded school with a very small salary. He seems to care for nothing but me. I. T.

Do not give up a good position to support a man who would be a struggle for the young man to earn means to support you. Better wait awhile, both can save in the meantime.

LAURA JEAN LIBBEY.

TO INVESTIGATE MURDER.

Postoffice Inspectors to Inquire Into Brutal Killing on the Mexican Border Last Saturday Night.

Postoffice Inspectors Frank M. Trout and C. D. Lowe, started yesterday for Tecate, Mex., to investigate the brutal killing of Postmaster Frank V. Johnson and the burning of the business house of the Mountain Commercial Company, that took place last Saturday night.

The information in the hands of the local Federal officers is to the effect that the slaying was committed by some of the Mexican laborers employed in the construction of the San Diego and Arizona Railroad, known as the Spreckels road, which has reached Tecate.

The building occupied by the store, which was also used for postoffice purposes for the convenience of the ranchers living in that part of the country, is on American territory, while the town of Tecate is in Mexico, about a quarter of a mile across the boundary line. There is no settlement at all where the store is located, except one or two small buildings, the store being operated by the Thing Brothers, in addition to the Mountain Commercial Company's place of business.

OIL COMPANY SUITS.

A. I. McCormick left last night for San Francisco, where he will appear before United States District Judge Doolittle to argue the question of the receivership and injunction, in the suit brought by the government against the American Oilfields Company and others, the Consolidated Midway Oil Company and others, and Q. W. McCutcheon and others. This was one of a number of suits brought by the United States against corporations and individuals operating on what are claimed to be withdrawn oil lands in Kern county. One of the cases, that of the United States against the Midway Northern Oil Company and others, was argued in this city before Judge Doolittle some weeks ago, and is now under submission.

Mr. Gordan Says—

These warm mornings make it look like spring were here for sure—and to stay.

Weather prophets are saying "warm weather right along now."

Another "sign of spring" is that men are beginning to drop in here to "take a look at the New Things."

And they're finding surprises, even though some of them have been coming here for 20 years.

New weaves, new and fresh colors, new ideas—for both "young fellows" and those who've passed the forty mark.

Domestic suitings are \$40 and \$45. Those from abroad are a bit higher, running \$50 and up.

Every one "Gordan-made"! You probably know what that means hereabouts.

Bullet Kills Cashier.
(Continued from First Page.)

the result. In some instances men have been left on guard at night, as was the case Monday.

Mattern, it is said, returned to the camp at a late hour and William Heath, on guard with several other men, saw the form moving slowly in the dark. Failing to recognize Mattern and believing him to be an intruder from one of the disturbing factions, Heath is alleged to have opened fire.

His aim was true and Mattern dropped. Half a dozen from the camp then hurried to where the victim fell. It was Mattern, killed.

The Sheriff was immediately notified and he lost no time making an investigation. The two arrests followed.

Although this phase of the shooting has been accepted by the bank officials, it being impossible to gather any really definite description of the death of Mattern, it is rumored that there is another side to the affair. It is hinted that there was a general mix-up and raid in the mining district Monday night, and while shots were exchanged by rival factions, Mattern, an onlooker, was struck by a stray bullet. It is expected that the inquest by the coroner will throw light on the mystery.

INTERESTED IN MINE.

Mattern was interested in one of the mines near Amboy. According to employees who knew of the cashier's mining connections, he was on good terms with Heath, the man who is alleged to have killed him. Recently, it was said, Mattern displayed letters from Heath in which he was informed of the progress of the work at the mine.

Last Friday Mattern left Los Angeles to spend the week-end at the mining camp. He was to have returned to his duties yesterday, but in his place came the message from Mattern, announcing the shooting.

There was an immediate change in the atmosphere at the bank yesterday when the unwelcome news was passed about. Not alone did the officers, clerks and attendants of the institution express sympathy for the slain cashier, but the general public as well showed its feeling.

MOTHER SHOCKED.

The news came as a terrible shock to the mother of Mattern at her home, No. 238 North Coronado avenue, which was his home together with a sister, Miss Isabelle. The sad task of informing the mother and sister was placed on Mr. Baker, representing the local office of the mining company.

Mattern's body will arrive here some time today, it having been forwarded from Amboy last night. The funeral services will be conducted tomorrow at 2:30 p.m. in the Breese chapel. Interment will be at Rose-dale Cemetery.

George A. Mattern was born in December, 1882. He entered the employ of the German-American bank twelve years ago, starting as a book-keeper, when the institution did business at First and Main streets. Grad-

EXPANSION IDEA GIVEN IMPETUS.

Industrial Opportunities to Be Developed.

Luncheon Brings Out Need of Renewed Activity.

Return Cargoes for Ships Is Present Incentive.

"A fight for industrial expansion and the development of our manufacturing opportunities is now on," said Manager Kinney of the new Industrial Bureau yesterday at the Los Angeles Ad Club's Chamber of Commerce luncheon at the Cafe Bristol.

G. A. Brock, chairman of the Industrial Committee of the chamber, was in charge of the programme, and had so arranged the speeches that the industrial-expansion idea was brought well to the front.

John M. Willys, president of the Willys-Overland Automobile Company of Toledo, was a special guest and gave a short talk on advertising, in which he stated that industries are the best advertisement a city can have.

"Don't advertise unless you have the goods to back it up, but Los Angeles has," he said.

Willys also urged that the Industrial Bureau carefully consider the idea of factory-made buildings for factories, a plan which has been tried in many cities with success. He pointed out that small but desirable industries are often kept away from a city by the fact that a change of location would necessitate the depletion of their capital in the purchase of a new site and the erection of buildings.

Concluding, the automobile manufacturer expressed the hope that some day his company can locate a branch factory here.

Fred Slocum of this city followed Willys with a talk on the Williamsport plan of offering financial assistance to new industries. In case a concern wishes to locate in Williamsport and is found worthy, but in need of financial assistance, the commercial body of that city arranges for credit with the banks and goes on the concern's notes. Yet in twelve years not a cent has been lent to the business men through the arrangement.

"The crucial hour is now at hand," said Kinney, "when we must triple or quadruple our industrial activities; when we must prepare to give return cargoes to the ships that bring business to our port; when we must endeavor to diminish the outflow of our money, aggregating hundreds of millions of dollars annually and going to other cities for products which can be produced at home; when we must greatly diversify our industries so that in time of depression one product others will maintain an equality of business activity."

Concluding Kinney outlined the work to be undertaken by the Industrial Bureau, as follows: An industrial survey of the city; the investigation of the needs of industries also here; the seeking of information regarding possible new industries and their encouragement to locate here; and the collecting of all data which may be needed by industries.

Brock also announced that the Industrial Bureau is now seeking a slogan which will adequately state its object for use on stationery, publications and the like. A prize of \$25 is offered for the best, not exceeding eight words in length, submitted to the bureau before April 1.

Needed.

SEEK RELIEF FOR OIL PRODUCERS.

MOVEMENT STARTED TO SECURE LEASING PROVISION.

Privilege of Operating Under Lease on Land Affected by Withdrawal Orders Is to Be Asked from Government—Stock Exchange Draws Up Petition.

A movement was started yesterday by the Los Angeles Stock Exchange to secure some relief for the oil producers operating on leases on territory affected by the withdrawal orders issued several years ago. Yesterday a resolution was adopted petitioning the President to allow the companies operating in the territory affected to operate under a leasing provision along the lines of the bills now before Congress.

In the resolution it is stated that the condition of affairs brought about by the withdrawal of the lands from location and development work has worked a great hardship upon the oil producers of the state, together with thousands of stockholders. In companies owning, comparatively speaking, small areas of territory, and that it has also affected other lines of industry. It is also stated that the settlement and adjustment of the various suits now being prosecuted by the government is liable to be a long-drawn-out affair, causing much hardship and working great injury to many innocent citizens of our land.

The petition asks of the President a further order enabling the companies involved in the present suits, and whose operations have been hindered, delayed and obstructed, to operate their properties, sell their oil and generally carry on their business under a leasing provision and along the lines of bills now before Congress, providing for the leasing of said lands and under proper restriction as to the payment of a reasonable royalty to the United States courts pending final adjudication of the suits.

It is hoped to secure the assistance and co-operation of various civic bodies in carrying forward the campaign which has been instituted.

CHANGES HER MIND.

The District Attorney received a letter yesterday from Mrs. Laura Rodgers asking him to dismiss the two complaints against Larry M. Sullivan, Earl gunsmith, charging him with embezzling \$1850 from her. Sullivan declared yesterday that if the complaints are dismissed he will marry Mrs. Rodgers. Mrs. Rodgers refused to affirm or deny the matrimonial angle last night. Dist. Atty. Fredericks has taken it under advisement. Sullivan is at liberty on \$5000 bail.

Crucial Hour.

LIKE A MORN IN SEPTEMBER.

Youthful Witness Appears in Courtroom Clad in Little More Than a Smile.

Only one thing saved Harry Lawrence, 16 years old, from appearing in Judge Wilbur's court in the all-together. This one thing was that the court did not tell him to remove his shirt. Hence, when Judge Wilbur asked him to step into the witness-room and remove his trousers, so the physicians could examine the leg he alleged was injured in the Vineyard wreck, Harry obeyed so literally that the spectators gasped when he quietly entered and took his seat on the witness stand clad only in his shirt.

A suppressed titter from the men and an astonished exclamation from Harry's sister caused Judge Wilbur to order Bailiff Strohm to escort the young man out of the courtroom.

Harry sued for \$20,000. He received \$5000 on a compromise with the Pacific Electric.

APPOINTS COMMITTEES.

Men Selected Who Will Have Charge of Facilitating the Work of Ordinance Revision.

Building Superintendent Backus, who last week was elected president of the reorganized Building Ordinance Revision Commission, yesterday issued an announcement of the standing committees appointed for the purpose of facilitating the work of ordinance revision. The president of the board is ex-officio member of all committees. They include the following:

Committee on Law—Albert Lee Stephens.

Committee on Structural Features—Albert C. Cohn, (chairman), George E. Bergstrom, G. L. Peck, Edward Mayberry and C. E. Richards.

Committee on Ordinance Arrangement—Mark C. Cohn, (chairman), George E. Bergstrom, Albert C. Cohn, Julius F. Hall and George Sutton.

Committee on Fire Protection—George Sutton (chairman), Julius F. Hall, C. L. Peck, Edward Mayberry and C. E. Richards.

To the Taxpayers.

WHO'S TO TELL OF A SUICIDE?

"NOT I," SAYS CORONER; "NOT I," SAYS DR. WHITMAN.

Public, Whose Money Supports the County Hospital, Kept in the Dark for Four Days as to Violent Death of a Patient for Whom Restraints Were Recommended.

By twisting her bed clothes into a strand that she could loop about her neck, Mrs. Emma Ridge Williams, an Englishwoman of Santa Rosa, found a method for taking her life in the insane ward of the County Hospital Friday night. She had been taken there violently insane the preceding day, but had not been placed in restraining straps.

Her suicide was not made public until the report appeared in the death certificate filed at the health office. Because of his unfriendly attitude towards the press, resulting from what he said was the manner of handling the recent investigation of the seven deaths at the County Hospital from infection of neo-salvarsan, Supt. C. H. Whitman refused to give out the information. He reported the death to the Coroner. Deputy Williams of that office says it is not up to them to report deaths in a public institution.

When suddenly unbalanced mentally, Mrs. Williams was the guest of friends in Los Angeles. She was taken to the County Hospital by Deputy Sheriff Hutchinson, who states that he reported that she was violently insane at the time and liable to do herself great injury unless restrained.

The patient was placed in the regular insane ward. There the attendants are supposed to protect the lives of the irresponsible by frequent inspection of the wards. Mrs. Williams carried on her preparation of the sheet rope unseen and quietly took her life. She was found after death by Mrs. Dora Waters, an attendant.

The body was taken to Santa Rosa yesterday by the woman's husband.

THE TRASH FUNERAL.

Tender Tribute to Man Who Honored the Judiciary and Graced the Circle of His Friends.

The funeral services over the remains of the late ex-Judge D. K. Tash were held yesterday afternoon at the breezy chapel. The services were in charge of Rev. D. F. Howe, D.D., of Westlake Methodist Church. The chapel was crowded to overflowing with prominent people of the city, including practically all members of the judiciary, leading attorneys, officials of the Knights of Pythias, Arlington Masonic Lodge and the City Council and the police department.

The floral offering was notable, and the casket was covered with a tender and loving tribute to the lawyer, who honored the judiciary, and to a man who was admired for his manliness.

The active pallbearers were W. W. Stockwell, Frank James, D. R. Wood, R. M. Freitas, R. N. Reeve and E. P. Lyndall. The honorary pallbearers were Judge James, Joseph H. Call, Judge Biedler, the Senator, Philip Gov. Gage, A. W. Rhodes, W. E. Deming, Joseph Mesmer, ex-Mayor Snyder, D. A. Hamburger, Gen. M. H. Sherman, P. Clark, J. F. C. Brown, United States District Attorney Schoonover, K. A. Miller, Judge Hives and Judge Willis.

The funeral cortege to Evergreen Cemetery consisted of a long line of automobiles, and special cars on the Los Angeles Railway were provided for those who could not find place in the motor cars.

Erin Honored.

"THE TIMES" SCHOOL OF DOMESTIC SCIENCE.

IT WAS just a real home dinner that Mrs. Bertha Haflner-Ginger cooked for the Times class in domestic science yesterday, but such a St. Patrick's Day meal as would grace any table. From the great roast of pork, dressed with apples and parsley, to the tiny cakes shaped like shamrocks and iced with green and white frosting, the dinner was complete.

With the roast pig, the special menu provided for creamy mashed potatoes, which were served heaped high and decorated by the use of the pastry bag and garnished with bits of parsley; moulded spinach with shamrock-shaped pieces of turnip as the decoration; and delicious cream gravy over the top; a salad of thin slices of cucumber and finely chopped whites of boiled eggs, and sprigs of green peppers served with a cream dressing; and fluffy white sponge cake with St. Patrick's Day decorations.

The special table, which Bullock's displayed for the occasion was a most attractive one with little pots of Erin's loved flower and a centerpiece of white freesias and fine green. It is most instructive to many of the housewives to see a table arranged for a special dinner to be served family style.

One of the interesting things which Mrs. Haflner-Ginger told her class yesterday was that in making a cream

sauce for any sort of vegetable, a wee bit of vinegar added a necessary piquancy to the sauce that most all would find tasty.

The various uses of pastry bags came in for discussion. Mrs. Haflner-Ginger had a number of these useful little bags made by her daughter, Miss "Patsy," from oiled cloth, and all ready for use by adding little tin tips that come in various sizes and shapes. There will be a number of prettily decorated home dishes, if the many questions asked for anything.

The white sponge cake which Mrs. Haflner-Ginger made was a real treat to make was quite unique, in as much that it was put together and baked in less time than is usually required to start most cakes from a layer cake. Whatever the name, the cake was delicious, and light as a feather.

The title records show that Mrs. Haflner-Ginger had been a lawyer for some time, and that she had been a member of the City Council and the police department.

The floral offering was notable, and the casket was covered with a tender and loving tribute to the lawyer, who honored the judiciary, and to a man who was admired for his manliness.

The active pallbearers were W. W. Stockwell, Frank James, D. R. Wood, R. M. Freitas, R. N. Reeve and E. P. Lyndall. The honorary pallbearers were Judge James, Joseph H. Call, Judge Biedler, the Senator, Philip Gov. Gage, A. W. Rhodes, W. E. Deming, Joseph Mesmer, ex-Mayor Snyder, D. A. Hamburger, Gen. M. H. Sherman, P. Clark, J. F. C. Brown, United States District Attorney Schoonover, K. A. Miller, Judge Hives and Judge Willis.

The funeral cortege to Evergreen Cemetery consisted of a long line of automobiles, and special cars on the Los Angeles Railway were provided for those who could not find place in the motor cars.

HIRAM IS HIT HARD WHACK.

Spending Many Millions on Poor Highways.

Hot Comment by Democrat Seeking Governorship.

Incompetent Commissions and Added Expense.

Declaring that useless and incompetent commissions are costing California thousands of dollars weekly and that immediate reform is necessary, Edward White, brother of the late Stephen M. White, and candidate for the Democratic gubernatorial nomination, added his voice last night to the volume of criticism which is sweeping the State against Gov. Johnson and his satellite.

White is specific in his indictments. In commenting on the work of the State Highway Commission he said:

"The roads here are too narrow and are not of substantial character. They will be worn out before our children cease paying interest on the bonds issued for their construction."

"I believe," continued White, "that several commissions are constructed for criminals and the modern tendency to make pleasure resorts of them is resulting in the increase of crime. The present parole system is unsound in its operation and I believe is resulting in great harm to the public and to the individuals it seeks to reclaim."

"Police should not be considered in appointing men to the management of State hospitals and asylums. Specialists of known character and ability should be appointed without regard to their party affiliations."

"I favor legislation which will benefit the farmers, the viticulturists and the horticulturists. They are the men who are doing most to develop this great State and it is a notorious fact that their rights and needs have been considered by the Johnson administration."

"Another policy I believe should be adopted, which I will do my utmost to advance if I am elected Governor. It is the improvement of State waterways whenever it is possible to do so."

White, whose home is at Watsonville, is in Los Angeles conferring with Democratic party leaders with a view to strengthening his candidacy in this part of the State.

THE TRASH FUNERAL.

Tender Tribute to Man Who Honored the Judiciary and Graced the Circle of His Friends.

The funeral services over the remains of the late ex-Judge D. K. Tash were held yesterday afternoon at the breezy chapel. The services were in charge of Rev. D. F. Howe, D.D., of Westlake Methodist Church. The chapel was crowded to overflowing with prominent people of the city, including practically all members of the judiciary, leading attorneys, officials of the Knights of Pythias, Arlington Masonic Lodge and the City Council and the police department.

The floral offering was notable, and the casket was covered with a tender and loving tribute to the lawyer, who honored the judiciary, and to a man who was admired for his manliness.

The active pallbearers were W. W. Stockwell, Frank James, D. R. Wood, R. M. Freitas, R. N. Reeve and E. P. Lyndall. The honorary pallbearers were Judge James, Joseph H. Prices for Quick Sale

We have a lot of well developed real estate on hand. Now, the problem is to turn houses and lots into money—and AT ONCE, to pay obligations.

—We have adopted the only possible solution of this problem—and that is to chop off the profit—cut the figures down to the bone—put the price so low that people MUST buy.

—That is the reason our prices are cut \$300—\$400—\$500—as the case may be. That is the reason the payments are cut down \$5.00 to \$9.00 per month.

—These two beautiful houses on NEW COLLEGE TRACT are examples of the score of handsome homes now offered at prices cut down \$500 or less. They are finished with artistic care, have every convenience and utility, are carefully planned and thoroughly built. They range from 5 to 7 rooms, and from \$3000 to \$4300 in price. But the best feature is that you can

Up and Down Broadway.

BOSTON SEEMS TO LIKE
OUR "PRETTY MRS. SMITH."

TAKE it that everyone is interested in how "Pretty Mrs. Smith," written by Oliver Morosco, Elmer Harris and Harry James, got over in Boston Monday night, as it is another "made-in-Los-Angeles" show, like "Fog," "Paradise," and "Help Wanted."

The Boston papers haven't come in yet, but the following excerpts were sent over the wire and I reprint them without comment. When the papers come I will have a chance to meet some excerpts of my own if they contain anything more of interest.

The Post says: "Kitty Gordon is no more star. She is a blushing girl of familiar charms. The complications

make it possible that the knell of the chorus man, as an ornament only, has been sounded."

The Advertiser said: "Pretty Mrs. Smith" was an instant success. Production that jumped direct from California warmly greeted. The long jump of 2400 miles was worth while from the Boston point of view. The opening chorus was instantly endorsed and that tells the story of the success that was scored at the Cort Theater last evening. Mrs. Smith was a chorus that put it over the footlights the first shot and put it hard and straight. Miss Gordon is a feast to the eye. Miss Greenwood is a quick cure for the blues. Show scored a success that was echoed by many whistling "How and humming throngs on the way out."

I will make one comment, and that

In popular vaudeville.

Above are Manne and Belle, who come to Pantages next week. Below is Bert Leslie, king of slang, now at the Empress.

give opportunity for much wit, melody and an occasional gasp. Duet of "Love Has Come to Live in Our Home" is the finest of all, at the conclusion of which Miss Gordon was laden with flowers over the footlights by Boston admirers. She radiates infectious joy and the most brilliant pleasure in her work. When she sings she rings all over. She made the women of the audience lean forward and gasp with rapture over the beauty of her gown when she sang the exquisite waltz "Dreaming."

The Globe says: "Famous London beauty welcomed in capital musical circles. Kitty Gordon has come back from California with a show that has speed in every moment of its running. It is brim full of ginger and music that makes one tap one's toes and a brand of comedy that entertained all the more because it is crisp, spontaneous and up to the minute. 'Love Has Come to Live in Our Home' is a gem. On this and 'Dreaming' Miss Gordon took scores that were sincere and many. The play is splendidly staged, one act being in solid wood rarely and artistically carved."

The Herald says: "Kitty Gordon wins honors at the Cort. Music melodious and clever. People went away humming the tunes. Production was masterly. In the few years that Oliver Morosco started he has certainly learned to adapt himself to the clamorous needs of a modern public. The lady in the audience who said 'It is not a comedy with music, but the best musical comedy of the season,' verified the popular opinion."

The Traveler said: "Pretty Mrs. Smith" at the Cort is giving Boston one of the prettiest, most fascinating plays that has come to town in many moons. Coupled with pretty staging there is a wealth of outlandish music, costumes that simply dandle the eye, women charming to look upon and above all a story that holds the interest throughout. Last night's house was quick in showing its appreciation."

The Record said: "Pretty Mrs. Smith" is brilliant, lively, gorgeous and tuneful. She wears most gorgeous gowns, made on the program in Paris, London and Los Angeles. Which ever was the Los Angeles designer it stood the test in a succession of gowns built on the crotch of a lady's dress more man may not describe."

The American says: "Kitty Gordon wins in 'Pretty Mrs. Smith.' Oliver Morosco calls it a comedy with music, but you should be prepared to hear that it is daring, dashing, delightful and occasionally the least bit naughty. It was a night of reception. The players came to Boston direct from Los Angeles. If you add a little dash of spice after 'Pinafore,' 'Rise and Shine' and 'Rebecca of Sunnybrook Farm' variety, drop around to the Cort Theater. There was hardly enough of the excellent double quartet."

The Journal says: "Coming out of the West with the boldness of Loebinger, 'Pretty Mrs. Smith' outclassed instantly the hordes of musical farces produced in the East this season. Starting with the 'Florida' song, swinging on through 'Back to Old Broadway,' 'On the Mississippi,' 'Love Has Come to Live in Our Home' and 'Dreaming' the music was one series of triumphs that will soon be on every plane. Highly priced, the farce at no time oversteered the bonds of modern propriety, although it treads directly on the avoiding line at times. It remained for Oliver Morosco on the Pacific Coast to prove what a musical farce without chorus girls can be made. And when he finished it he put it on a train and shipped it from Los Angeles to Boston without a stop, to show the East that Broadway reaches to California. The absence of the usual vacuous-minded chorus man is deserving of a medal. In his place is a double quartet and the difference is so marked as to

make it possible that the knell of the chorus man, as an ornament only, has been sounded."

The Advertiser said: "Pretty Mrs. Smith" was an instant success. Production that jumped direct from California warmly greeted. The Advertiser said: "Pretty Mrs. Smith" was an instant success. Production that jumped direct from California warmly greeted. The long jump of 2400 miles was worth while from the Boston point of view. The opening chorus was instantly endorsed and that tells the story of the success that was scored at the Cort Theater last evening. Mrs. Smith was a chorus that put it over the footlights the first shot and put it hard and straight. Miss Gordon is a feast to the eye. Miss Greenwood is a quick cure for the blues. Show scored a success that was echoed by many whistling "How and humming throngs on the way out."

I will make one comment, and that

make it possible that the knell of the chorus man, as an ornament only, has been sounded."

(Continued from First Page.)

on the nose, many of which came unexpectedly to Joe, but always hit the intended mark.

From the beginning of the first round until the shadows of the arena left the ring, Freddie kept the sun directly in Joe's eyes. Rivers tried every way to change positions, but only succeeded when Freddie allowed him to take the much coveted advantage, and as soon as he got it, slammed several lefts to Joe's sore nose.

Rivers tried every known style of boxing, and he is a good boxer, still he was warned several times for trying to use his elbow, and on one occasion, when he became furious at Freddie's cleverness, he rushed him wildly to the ropes. Freddie slipped away, and Joe came near landing in the box seat.

NOT IN SHAPE.

Rivers started "spitting" in the first round, and kept it up constantly throughout the fight. In the clinches Welsh had all the better of the hitting and had Joe's body cut red in the second round, proving conclusively that his skin was too soft and that he did not do enough hard work during his training.

As to the condition of the boys, Welsh was in much better shape for a twenty-round contest. While Rivers appeared good, he boxed with his mouth open for the last three rounds and was tiring fast.

Well, of all the nerve! Harry Corson, Clark and Margaret Dale Owen, having completed two tours of the world, are about to start another opening in Bradford, England. The name of the town reminded them of one, as they called the new-and-forget to prepay the cable. That's where the nerve comes in.

Richard Walton Tully, author of "The Bird of Paradise," and author and successful producer of "Omar the Tentmaker," the most substantial success arrived in Los Angeles yesterday. Whether or not Mr. Tully came away across the continent to witness Uncle Tom's Cabin's matinee performance at Vernon yesterday is uncertain, but it is sure that he was among those present—in fact, he is usually among those present at one of these stirring little performances of any worth.

It may be remembered that Ted Lenore and Aubrey Rich, that clever team of vaudeville players at the Empress Theater this week, are the same two cheerful persons who last season were the principal factors in a very interesting romance enacted at the Empress.

On their last visit to Los Angeles Miss Rich was not Mr. Lenore. In fact, she was traveling on a bill just one week behind Mr. Lenore. They had been waiting five weeks to try and meet so that some justice of the peace might earn \$2, and the opportunity happened right here. Miss Rich arrived from San Francisco on a Monday morning and Mr. Lenore passed through here from Diego one hour later on his way to the Empress in Salt Lake, and it was then that the happy event took place.

Adolph Phillips, owner and director of the German Theater, New York, and author of a score of successes which are now occupying the native stage, arrived in Los Angeles Monday night.

Mr. Phillips came here to stage the English version of his latest effort, "Auction Pinner," which, although it has already proved a success in the metropolis in German, has never been presented in English.

If you happen to be standing in front of the Burbank Theater this morning, you will see Oliver Morosco drive up to the Burbank offices in a handsome new Packard of the latest model. This machine was added to the Morosco string of machines yesterday and it is geared for speed as well as comfort.

This new machine is a little remembrance of "Fog on My Heart," and it is not yet announced just what type of automobile Mr. Morosco will select as a token of "Pretty Mrs. Smith," which went over with a bound in Boston Monday night.

THE SCORE:

AMERICAN (Ga.) March 17.—The Boston Nationals today won from the Cleveland American Association team.

Boston, 15; hits, 14; errors, 0.

Cleveland, 4; hits, 9; errors, 2.

Batteries—Cochran, Trier and Dowdy; Mason, Morton and Crosby.

COMPLAINT A BOOMERANG.

Woman's General Charges Put Her Husband Under Arrest.

Portland (Or.) March 17.—On complaint of Mrs. John Larson, Mayor of Troutdale, her own husband was arrested today on a charge of selling liquor to minors.

Mrs. Larson asked the District Attorney of Washington county to investigate alleged law violations of Troutdale, and did not know her husband, a saloon-keeper, would be among those arrested.

Mrs. Larson recently discovered that liquor was being sold to youths. Several boys arrested yesterday accused Larson and other saloon-keepers of selling them intoxicating drinks.

and last night seventy-five drifted out. Disposition in the ranks against the police is increasing daily. From ten to thirty are leaving each hour.

PARKER AT WORK AGAIN.

Prof. Carlton Parker of the State University and connected with the State Immigration and Housing Commission was in camp today investigating the conditions.

ST. JOHN SCOUTS IDEA.

CHICAGO, March 17.—Vincent St. John, general secretary of the Industrial Workers of the World, today accused the possibility of an army of unemployed conducting a revolution against the government.

ARMY OFFICERS' COMMENT.

WASHINGTON, March 17.—"Preposterous and absurd on its face," was the way army officers here tonight characterized the reported plan of "Gen." Kelly's unemployed army to attack the Rock Island arsenal as a step toward a revolution against the government.

READY AT ROCK ISLAND.

ROCK ISLAND (Ill.) March 17.—Col. Durr, commandant at the Rock Island arsenal, when told of alleged plans of an army of unemployed, to seize the arsenal, said tonight he had plenty of trained soldiers to repulse any attempt of Kelly's army to secure arms and ammunition to start a revolution.

KENT'S MOTHER DIES.

Passes Away Suddenly in Utah Hospital While on Her Way to Visit Congressman.

OGDEN (Utah) March 17.—Mrs. A. E. Kent, mother of Congressman William Kent of California, died at hospital here last night as a result of heart trouble, resulting from her attempt to travel over the mountain ranges to Washington, D. C., to visit her son.

Japs as Good Jumpers.

OAKLAND, March 17.—Twenty Japanese were forced to jump from second-story windows when fire destroyed a number of frame buildings in the oriental quarter. The damage was about \$10,000. Two men suffered slight injuries.

LOSING HOPE WOMAN VERY ILL

Finally Restored to Health By Lydia E. Pinkham's Vegetable Compound.

Bellevue, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached, I was nervous, and I was very weak and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your compound. Would not be without it in the house if it cost three times the amount."

Woman's Precious Gift.

The one which she should most carefully guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CONTESTS EXTRADITION.

Benson Ascertains Illinois has no Jurisdiction Over Offense Begun and Partially Completed in Missouri.

SACRAMENTO, March 17.—Gov. Johnson took under advisement today the extradition of William C. Benson, wanted in Illinois on a charge of defrauding a woman out of \$4000 in the sale of mining stocks in the Ranier mine, near Angels Camp, Cal.

The extradition was contested on the ground that Illinois had no jurisdiction over an offense alleged to have originated and partially completed in Missouri.

Pacific Gas and Electric Company Needs Money to Refund Notes and for Development.

SAN FRANCISCO, March 17.—The Pacific Gas and Electric Company asked authority of the State Railroad Commission today to issue \$7,000,000 notes to sell at 98.5. Of this amount, it is proposed to use \$5,000,000 in refunding the company's outstanding 6 per cent gold notes. The remainder will go toward development work in the thirty counties of California in which the company has investments.

DOCUMENTARY EVIDENCE.

Prisoner Accused of Robbing Monte Pyl Threatens to Blow Up District Attorney of Alameda.

SAN FRANCISCO BUREAU OF THE TIMES, March 17.—Threats to blow up Dist. Atty. Hynes of Alameda county and Detective Hodgins were made in a note which came to light today, scribbled on the back of an official document. The writer was Dixon on Richards, accused of robbing the hotel room of Monte Pyl, ball player.

Richards, conducting his own defense, was arraigned today. He pleaded not guilty and was given a week's delay by Judge Ogden. He was identified as an escaped prisoner from Texas, where he was doing time for safe-cracking.

KILLED BY HIS FRIEND.

Search Continued Near Petaluma for March the Assassin, Who May Have Committed Suicide.

PETALUMA, March 17.—Francisco Avogadri, who was shot through the bowels by Joe Marchi on Sunday night, died at the Petaluma Hospital early this morning. The inquest was held this afternoon and the jury summoned by Coroner Frank L. Blackburn brought in a verdict of death caused by a gunshot wound inflicted by Joe Marchi with murderous intent.

Avogadri has relatives in Italy. Marchi is still at large, although the opinion is growing that he has committed suicide in the hills in the near vicinity, as he is without funds and realized that he killed his best friend. The search will, however, not be abandoned.

DEPORT SURGEON'S WIFE.

Japanese Woman Who Married American Surgeon Is Sent Back by the United States Authorities.

TACOMA (Wash.) March 17.—Failing in her appeal to Washington, Mrs. Sado McDaniels, Japanese wife of an American surgeon in the Orient, was deported today on the Japanese steamship Canada Maru. She arrived a month ago and was denied admission because she had no passport. An attorney took the question up with department officials at Washington. She was married seven years ago to Dr. J. E. McDaniels, formerly assistant in a hospital in Japan, and now surgeon on one of the government ships at Manila.

Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Storm.

In thousands of American homes there is a bottle of Mother's Friend that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health in advance of baby's coming, and had a wonderful influence in developing a lovely disposition in the child.

There is no other remedy so truly a help to nature. It relieves the pain and discomfort caused by the strains on the system, makes pleasant those hours and minutes which nature is expanding and coothes the inflammation of breast glands.

Mother's Friend is an eternal remedy, and not only banishes all distress in advance, but assures a speedy recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle. Write to Bradford's Regulator Co., 228 Lamar Bldg., Atlanta, Ga., for their free book. Write today. It is most instructive.

LONG TERM FOR FOOTPAD.

Stockton Negro Sentenced to Twenty-five Years in Prison for Attack on Woman Returning From Lodge.

STOCKTON, March 17.—Andrew King, a negro, was sentenced to twenty-five years in prison today for attacking Mrs. Zenoa Carmen a week ago and robbing her of money and jewelry. The woman was returning home from lodge late at night when she was attacked. She was knocked down and seriously injured by her assailant. King pleaded guilty.

2 KINDS—light & dark

United States Health Bulletin
The Health Bulletin for a number of years has watched the product of many of the breweries of the country, both large and small, and has commended several of them for the quality of the beer or ale produced, one of them being the Maier Brewing Co. of Los Angeles, Cal.

To users of malt drinks, we can earnestly recommend those of this brewery. It has evidently spared nothing in its effort to place upon the market a pure, hygienic drink and we have no hesitancy in saying that it has succeeded. We say this without solicitation from, or even the knowledge of, the brewery referred to and solely in the interests of purity in food products, as we gladly recommend any manufacturer who is honestly trying to maintain a standard of purity in the goods he is offering for sale.

HYGIENE
SANITATION
HEALTH

The Health Bulletin for a number of years has watched the product of many of the breweries of the country, both large and small, and has commended several of them for the quality of the beer or ale produced, one of them being the Maier Brewing Co. of Los Angeles, Cal.

To users of malt drinks, we can earnestly recommend those of this brewery. We say this without solicitation from, or even the knowledge of, the brewery referred to and solely in the interests of purity in food products, as we gladly recommend any manufacturer who is honestly trying to maintain a standard of purity in the goods he is offering for sale.

that have made it famous all over the great Western Empire. We get the best barley, hops and rice the world affords, use only doubly-distilled potable water, age the brew for months beyond the usual aging limit and every process and stage of the work are carried out with the utmost sanitary care.

After all is said, you can't begin to realize the delightfulness of Maier Beer till you taste it yourself. Call up your dealer now and order a case. If he won't supply you, we will.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The ordinance providing for a Fire Alarm Commission went into effect yesterday and today the members of this board will meet to organize. It is probable Councilman Snowden will be its head.

The Police Commission yesterday denied eight applications for the one saloon permit that can be issued, leaving Fred Meriwether still in the running.

An anonymous letter to the Mayor yesterday declared that there had been a misappropriation of funds in "one of the city departments. Ordinarily anonymous communications go directly into the waste basket at the Mayor's office, but in this case the Mayor ordered that a special investigation be made.

The Police Commission yesterday decided that cafes with liquor permits in Chinatown must pay for special police at their places, to be selected by the Chief.

The wife of a cafe man planned to start life anew and went away with her husband's chauffeur. She was divorced yesterday and received as her only share of the property an automobile. She had said there was no pleasure in living with a busy man like her husband.

At the City Hall.

WILL ORGANIZE NEW COMMISSION.

SUPERVISORS OF FIRE ALARM SYSTEM MEET TODAY.

Probable that Councilman Snowden will be made board's head, while Electrician Manahan will be chief of Bureau—Appropriation in Next Municipal Budget.

City Electrician Manahan, Fire Chief Eley, Chief of Police Sebastian and Councilman Snowden compose the new Fire Alarm Commission. The ordinance providing for the creation of this commission and the placing of the fire alarm and police telegraph bureau under the direct supervision of the City Electrician went into effect yesterday. The new commission will meet today at a luncheon and will effect its organization. It is probable that Councilman Snowden will be made the head of the commission.

The City Council several weeks ago decided that City Electrician Manahan shall be placed in charge of the alarm system as its superintendent. It is proposed a special appropriation will be made in the next municipal budget. The new commission proposes to invite Lewis Degen of Long Beach to address it soon, in order to read the benefit of his experience and ideas as a fire-alarm expert. Degen is said to have installed systems of this character in various large cities of South America, as well as in cities of the United States.

DISCARD EIGHT.

MERIWETHER STILL LEFT.

Eight applications for the one saloon permit that the Police Commission can issue were rejected by this board at yesterday's session. Two applications remain on file—those of Fred Meriwether, who has applied for the third time, and Frank L. Hobar. Meriwether's last application is for No. 1462 San Fernando street, and Hobar wants a permit for No. 256 East Second street.

Meriwether, it has been generally conceded at the City Hall, is the favorite among the applicants. Hobar was formerly an employee of William F. Jeffries, whom the Mayor appointed to a membership on the Police Commission, but who was not confirmed by the City Council.

The Police Commission as its first act yesterday voted to deny eight of the saloon applications. Those that went into the discard were: Jess Barry, No. 508 South Hill street; Duane Corovina, No. 219 North Spring street; Joseph A. Moreno, No. 122 Commercial street; Elmer H. Berkheiser, No. 122 North Spring street; Lewis F. Rotzler, No. 1564 North Main street; Frank Marion Gower, No. 625 Central avenue; Edison J. Prouse, No. 429 South San Pedro street; Herbert C. Wilson, No. 347 Central avenue; Michael Russ, No. 141 North Main street.

No complaint was filed against any of these applicants and their applications were denied without prejudice.

Under the usual rules of the Police Commission, one week is allowed the Chief of Police to investigate and make a report on applications filed. This would mean that the reports on the two applications remaining for the saloon permit will go before the commission next Tuesday. Meanwhile, it is possible that new applications will be filed and the situation may be further complicated, unless the commissioners take direct action and vote to give the permit to either Meriwether or Hobar.

Mayor Rose declared yesterday that he believes the best method would be to offer the saloon permits to the highest bidder.

At the Courthouse.

It is admitted by the Mayor that Meriwether did effective work for him during the Mayor's campaign, and that he would be satisfied to see the saloon permit placed in Meriwether's hands.

WATER FAMINE.

AND WEATHER'S HOT.

The Union Hollywood Water Company has stirred up a hornet's nest. It undertook yesterday to clean out a reservoir in the vicinity of Franklin and Maubert avenues, while depending upon a pumping plant to supply water directly to the pipes. The result was that residents of the Hollywood district in the higher districts were brought face to face with a water famine on an unusually hot day.

The Board of Public Utilities was stormed with complaints. The company was called to time and promised to get at once upon a supply of water wagons to give relief until the reservoir can be filled. It is stated that the reservoir will be refilled this forenoon.

But that may not be an end to the difficulty. The company failed to get permission from the Board of Public Utilities to suspend the service, which is particularly required by an ordinance adopted several months ago. The ordinance provides for a fine of \$500 for such offenses, and indig-

nant residents who were without water supply yesterday were insisting that the provisions of the ordinance be invoked.

It was stated at the office of the Board of Public Works, however, that this is the first serious complaint against the services of the Union Hollywood Water Company. The kicks mainly are directed against the rates which this company is empowered to charge consumers.

ANONYMOUS LETTER.

BUT IT STIRS UP SOMETHING.

City officials, like everyone else, despise anonymous communications, but one received by the Mayor yesterday set something going. This letter charged that there has been a misappropriation of public funds in one of the city departments. The letter contains no direct charges against any particular department, but directed the general charge to "one of the municipal departments."

The Mayor said yesterday that he generally takes no notice of anonymous letters, but that he had considered it worth while to take notice of this one.

"I have started a thorough investigation on this line," said the Mayor, "to determine whether there is any truth in the allegations made in this letter. I intend to go into the subject thoroughly and know the truth."

Chief Deputy City Auditor Fountain said last night that he was not aware of any reports of misappropriation in any city department; that expert accountants from the City Auditor's office are constantly inspecting the books and accounts of the various city offices and that they at present are engaged on work on the Bureau of Street Opening and Widening.

ANOTHER HEARING.

ON HARBOR IMPROVEMENTS.

Congressman Stephens yesterday notified the Harbor Commission that its special data provided for the consideration of the authorities at Washington in connection with the request for a widening of the channel at the Los Angeles Harbor, reclaiming the reservation and increasing the appropriation for maintenance, had arrived too late for consideration, as the meeting was on the point of adjournment.

Stephens stated, however, that a meeting for March 24 has been set for the purpose of going into this subject thoroughly, and he considers it fortunate that the data was delayed, as it will not receive more time in its consideration.

It is possible that the Chamber of Commerce will be asked to send a special delegation to Washington to press the claims of Los Angeles on these matters.

ACTION ON PERMITS.

POLICE BOARD'S GRIST.

The saloon permit of R. F. Gougeon for No. 401 East Seventh street was transferred to Gougeon & Sullivan by the Police Commission yesterday. The commission also granted a transfer of the U. S. Hotel bar from Frederick B. Hahn to August Tatch. The wholesale liquor permit for Jacob Schein was transferred to Schein & Mike.

The board denied the application of Giuseppe Mazi for a No. 2 restaurant liquor permit for No. 439 San Fernando street, on the grounds that there are too many liquor permits now existing in that vicinity.

A petition was presented, signed by thirty-eight Japanese, asking that no more restaurant liquor permits be issued for East First street between San Pedro street and Central avenue. This is the first petition of the kind ever received by the Police Commission.

Must Provide Police.

Upon recommendation of Chief of Police Sebastian the Police Commission decided yesterday to require the three cafes in Chinatown that hold liquor permits to pay for special police to be stationed at their places of business to see that the liquor laws are rigidly enforced.

The special officers are to be selected by the Chief of Police, but the cafe proprietors must foot the bill. Complaint has been made that the class of patrons at these places is such as to make much trouble, and the police force in Chinatown is not sufficient to give the attention to the cafes that is required to keep violators of the liquor laws under close surveillance.

Patrolman Vasey Restored.

The Police Commission yesterday restored H. L. Vasey to the duties of patrolman. Vasey was suspended on August 28 of last year, pending the hearing of charges of false arrest. He was indicted by the grand jury but was not found guilty. The Police Commission ordered the payment of Vasey's salary during the time he was under suspension.

At the Courthouse.

MAHOUT FIRST IN AFFECTION.

AND HUSBAND GETS DIVORCE FROM ERRING WIFE.

No Pleasure With Husband Because He Was Too Busy While Chauffeur Treated Her Nice, Says Wife, Who Allows Suit to Be Decided Against Her by Default.

Mrs. Ava McKee, wife of Samuel A. McKee, cafe man and taxicab owner, paid the penalty in the divorce court yesterday for her infatuation of David Bell, formerly her husband's chauffeur. Judge Monroe granted a decree on the ground of her misconduct, proved by the deposition of Joseph L. Fernando, and the testimony of McKee herself.

McKee was married at Omaha January 6, 1933. Mrs. McKee left her husband and their two boys, Harry and Vane, to follow Bell, Fernando, in his desertion, tells how he met Mrs. McKee at the Balmoral apartments, San Diego, living as Bell's wife.

"She told me she could not get along with her husband," said Fernando; "that his auto business kept him away, and that she had to do practically all of the work at the cafe. She said she had decided there was no pleasure to be had with him, and as she thought a lot of Bell, who had been nice to her, she planned to start life anew by going away with him."

Mrs. McKee did not put in an appearance, allowing the suit to go by default. She receives an auto, waiving all claims on McKee's cafe and taxicab business and other property interests.

QUICK DECISION.

JUDGE ACTS AS UMPIRE.

Judge Monroe was umpire in the Hensling divorce suit yesterday, and he gave judgment for Arthur R. ("Whitey") Hensling, the Coast League pitcher. There was a roast in the decision for Mrs. Hensling for bringing the suit. The court said there was nothing in her allegations. He was satisfied that Hensling was not cruel to his wife.

The testimony showed that they had a joint account and that Mrs. Hensling drew out nearly \$400, which she spent providing for herself. Hence, in the mind of the court, there was nothing to substantiate the failure to provide charge, and he stated that when the time comes he will dismiss the charge. No allowance was made for alimony. The Henslings were married June, 1911. When "Whitey" broke into baseball, Mrs. Hensling accompanied him. The evidence, based on several occasions she refused to do so. One of her statements was to the effect that since marrying Hensling she lost practically 100 pounds, now weighing less than 100 pounds.

GIVES ADVICE.

WIFE WRITES LETTER.

Life in a grocery store palled on Mrs. Clara Heidemman; she had the yearning to cut loose, and, according to the testimony in the divorce suit of her husband, William Heidemman, she did so. The evidence showed that Mrs. Heidemman, who had her fling with Clarence de Moore, driver of a bakery wagon. The evidence, based on several occasions she refused to do so. One of her statements was to the effect that since marrying Hensling she lost practically 100 pounds, now weighing less than 100 pounds.

FAMILY AFFAIR.

SON SUES MOTHER.

Alleging that Mrs. Alice C. Phillips, widow of Thomas F. Phillips, had induced him to transfer to her a great deal of real estate for a consideration of \$10, William E. Phillips, a son, filed suit against Mrs. Phillips for the estate valued at \$250,000. The suit was filed in the Los Angeles Superior Court and the court declared the real estate named, part of the \$250,000 estate devised by the will. Phillips died at Pasadena a few weeks ago. The son declares that Mrs. Phillips exerted undue influence upon his father to obtain the assets of the estate, and that he, the plaintiff, his two brothers and a sister from inheriting the property under a will.

Phillips alleged that he was to receive one-fifth of the estate in trust under the will. The elder Phillips drew his will April 26, 1913, and it is alleged that Mrs. Phillips weakly mentally and physically, pressure was brought to bear upon him to transfer this valuable real estate to Mrs. Phillips.

LAWYERS GALORE.

IMAGINE THE FEES!

Twenty-five attorneys are engaged in the suit of W. H. A. Sherman against the Oileum Development Company to recover from eighty-one stockholders 85 cents a share to boot a payment of \$125,000 obtained by Sherman in the Justice Court. The suit started before Judge Finlayson yesterday with the prospect of engaging the attention of the court for several weeks.

The defendants allege that the stock is fully paid and that therefore they are not liable for the judgment, which was given Sherman on assigned claims against the corporation. The Oileum was formerly the old Clark Copper Mine and subsequently became insolvent.

CASE REOPENED.

PLAINTIFF WAS LATE.

Because William F. Smith, plaintiff in a suit before Judge Works involving an alleged violation of the building restrictions in the Harvard boulevard district, failed to appear when the action was tried, the court ordered judgment for the defendant. When the judgment was brought in to be signed, Smith appeared in court and stated that his attorney, Frank R. Baker, had not informed him the case was coming up. This developed a controversy between Smith and Baker as to whether Baker had or had not notified his client.

It was understood when the judgment was ordered that the plaintiff had not notified because Smith was not present. Judge Works ordered the case open to allow Smith to finish.

ALIMONY FUTILE.

HUSBAND IS HELPLESS.

Mrs. Nellie Barnett married Asa F. Barnett, a veteran of the Philippine war. He was a Kentucky boy who enlisted in the regular army at 17 and in the Philippines contracted rheumatism and other ailments which incapacitated him for work. He is now an inmate of the Soldiers' Home at Saticum.

Mrs. Barnett brought suit for divorce, alleging that Barnett had abandoned her. She also charged him with wilful neglect and non-support. In order to show the futility of asking for alimony, Barnett, who is helpless, was brought into court. The decree was granted by Judge Wells-born.

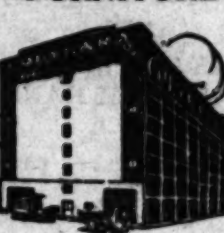

COURT PARAGRAPHS.

PROCEEDINGS IN BRIEF.

MUST STAND TRIAL. Although David Levy says his wife Jennie is wealthy, she is pressing the failure-to-provide charge against him, and he will be tried in the Criminal Court. Mrs. Levy admits she has an income of \$13 a month. Yesterday before Judge Monroe, Levy pleaded not guilty, and was released from the County Jail on his own recognizance. He gave his wife \$15 for the temporary support of his three children.

PLEA POSTPONED. Pleading by Phil Kilfoil in a charge of committing a statutory offense against Lilian Palmer, a 14-year-old girl, was continued yesterday by Judge Willis in the Superior Court till next Tuesday. Attorney Dyer for Kilfoil did not appear, but Kilfoil told the court that a continuance was desired. Chief Deputy District Attorney Ford said that Dyer had communicated with him and said he wanted a continuance.

GRANTS NEW TRIAL.

Another trial in the fight for the \$75,000 estate of Shoopin Caspar will be held, Judge Houser yesterday granting the motion of Mrs. Emily Ainley, who presented the will, which gave her the estate and losing the fight to Caspar's cousin, Sahmin Bakib. The jury which decided in favor of Bakib decided that Caspar was of unsound mind at the time he executed his will.

Uncanny.

BLEACHED SKULL

GRIM EVIDENCE.

RANCHMAN'S FATE HINGES ON MISSING TOOTH.

Chino Beet Grower Held to Answer to Superior Court on Charge of Murdering Man Who Disappeared Seven Years Ago—Identification of Bones Hangs Case.

Joseph N. Smith, a Chino beet grower, was yesterday held to answer to the Superior Court by Justice Summerfield on a charge of having murdered George W. Nash, a Calabasas rancher, who mysteriously disappeared seven years ago. Attorney W. H. Anderson for Smith immediately sued for a writ of habeas corpus, and it was made returnable before Judge McCormick Tuesday morning.

Counsel for Smith attacked the authenticity of the skeleton found in the canyon, which was declared by Deputy Sheriff H. J. Grimes.

On the identification of the bleached skull, the under jaw and certain bones in the trunk depends Smith's fate to a great degree.

Dr. George Laubersheimer, called by the prosecution, testified that he could not say positively whether the skeleton was that of a man or woman. He testified that in his opinion a missing tooth in the left lower jaw fell out after death. Several witnesses for the State said they identified the jaw as that of Nash because of the missing tooth.

Laubersheimer, couldn't state exactly how long the skull and bones had remained buried in the river bed. Attorney Anderson, in his argument, declared that the skull and bones "are probably all that remains of some kind-hearted Indian who roamed this fair region half century ago." He then asked Justice Summerfield to examine the receding forehead of the grewsome exhibit. "It will be a tragedy on justice to hold this man to a higher court," he said. Smith's attorney, Graham, admitted the evidence so far unearthed by the State is purely circumstantial, but thought it best to bind Smith over and stretch out the case from beginning to end.

"I am glad he held me," said Smith on his way to the County Jail. "I will now have a chance to clear myself from this charge, which has been hanging over me for seven years."
